Customer Advisory
February 8, 2013
CA-13-02/08-0023**

Subject: Shipments of Halon to the United Kingdom.

Purpose: To advise all DOD shipping activities to restrict the movement of shipments containing Halon to Air Mobility Command flights only.

Be Advised: Halon contains ozone-depleting substances, which in accordance with European Commission Regulation (EC) No. 1005/2009 and 0744/210 requires a UK Import License for commercial shipments to the United Kingdom. Any shipment containing Halon that is moved commercially, without an import license, to the United Kingdom will be seized at the port of entry and returned to its consignor. Until further notice, restrict all shipments containing Halon to movement by military airlift.
