

Welcome to the How to do Business in the Department of Defense Personal Property Program site.

We welcome the opportunity to provide information on our programs and will assist you to the degree allowed by law and DOD regulation. SDDC is the first point of contact for the motor carrier, freight forwarder, broker, mobile home carrier or boat carrier when soliciting approval to participate in the DOD Personal Property Programs. SDDC is responsible for management on a worldwide basis, the DOD Personal Property Program on behalf of the military services and the United States Coast Guard.

The How to do Business in the Department of Defense Personal Property Program book contains a link to the Tender of Service and procedures for carrier (Transportation Service Provider – TSP) qualification. Since changes to regulations and procedures do occur, the book should be considered a guide.
