Customer and Carrier Advisory

September 19, 2023

CA-23-09-19/0065

Subject: Immediate Change to Process for Recovery of DoD Shipments Remaining in Yellow Corp/YRC Terminals

Purpose: To inform and advise DOD Service/Agency Transportation/Traffic Management Staffs and Installation Transportation Offices (ITO) of significant and immediate changes to previously provided guidance on process to recover DoD freight from Yellow Corp/YRC (SCAC:RDWY) terminals.

Be Advised: This advisory provides new guidance for the recovery of DoD freight from YRC terminals, effective immediately.

As of Monday, 18 September 2023, DoD freight can no longer be retrieved from YRC terminals.

YRC will coordinate the delivery of all shipments remaining in their terminals through a third partner vendor. This vendor will utilize Estes Express to deliver the remaining shipments to the consignee identified on the original bill of lading. This process extends to shipments that may be located on the rail.

YRC anticipates all shipments to be picked up from their terminals within 2-4 weeks. Any shipment remaining in the YRC network as of 18 September will be delivered via the 3PL and Estes. Any movement coordinate by an ITO prior to 18 Sept not yet picked up from YRC must be canceled immediately. There is no additional action needed from DoD ITOs at this time to facilitate final delivery of the remaining shipments.

An updated listing of shipments currently held by YRC is attached to this advisory. Please zoom in for readability.

If any shipments needs to be abandoned rather than delivered, please email Government.Solutions@myyellow.com or customer.service@myyellow.com and state the pro number(s) (wgp_id_nbr) along with "We, the legal owners, abandon this freight. No further action will be taken against Yellow regarding this/these shipment(s)."

DoD ITOs and Service/Agency Transportation/Traffic Management staffs should continue to:

- 1. Carefully scrutinize all YRC invoices in Syncada to ensure that payment for performance occurs only for services that have been rendered and fully completed.**

- 2. Keep careful records of reprocurement costs.**
- 3. Identify any freight not delivered to final destination through the third-party vendor.**

Previous advisories issued providing guidance on the retrieval of shipments from YRC terminals (CA-23-08-29/0060, CA-23-07-26/0053 Update 2, CA-23-07-26/0053 Update 1) will be cancelled.

This shift in guidance results from procedural changes at YRC as they enter the final stages of clearing their systems following their bankruptcy filing on 6 August 2023.

Additional guidance will follow as needed via Customer Advisory.
