

**Military Surface Deployment and Distribution Command**

**Customer and Carrier Advisory**

**August 23, 2023**

**CA-23-08-23/0058**

**Subject:** Potential Delay in Acceptance of Material at DLA Distribution Centers

**Purpose:** To inform Department of Defense shippers of potential reduction of acceptance of freight for DLA Distribution during FY23 End of Year processing and certification.

**Be advised:** DLA Distribution is preparing for the annual End of Year Close Out scheduled on 29 September 2023. In order to report the FY 23 financial status for distribution operations, each Distribution Center has been advised to modify their delivery schedules if necessary. Any changes will be updated in the Transportation Facilities Guide (TFG). Recommend all transportation and shipping offices confirm the updated information in the TFG the week prior to ensure that there are no issues in acceptance/delivery/receipt for freight and small parcel that might adversely affect DLA Distribution Centers' End of Year processes.

**POC:** DLA Distribution J3-OC, COMM 717-771-5459, [DIST-EoYCloseOut@dla.mil](mailto:DIST-EoYCloseOut@dla.mil).

**Expiration:** 29 SEP 2023
