

**Military Surface Deployment and Distribution Command**

**Customer and Carrier Advisory**

**August 12, 2024**

**CA-24-08-12/0046**

**Subject:** Removing Unused Transportation Facility Guide (TFG) sites and their Government Bill of Lading Office Code (GBLOC).

**Purpose:** To advise DoD Transportation/Traffic Management Offices (TO/TMO) SDDC will remove TFG sites of GBLOCs that have not been updated for the last two years and show no shipping activity with the Global Freight Management (GFM) data sources. The corresponding GBLOCs will be deactivated by USTRANSCOM Transportation Reference Data Module (TRDM).

**Background:** SDDC G3 routinely coordinates with TO/TMOs to review and update their TFG information. Our analysis has identified 37 locations where points of contact are no longer available and the TFG pages have not been maintained. Further research identified these sites have no shipping activity according to GFM data. In its administrative role of the TFG, SDDC G3 will coordinate the removal of the TFG pages and deactivation of GBLOCs listed in this advisory.

**Be Advised:** TO/TMOs have until 30 November 2024 to request any of these TFG/GBLOCs be maintained and identify POCs to update and maintain its information. The outdated TFG/GBLOCs are listed below. Contact SDDC G3 Domestic Freight Management Branch to retain a TFG/GBLOC. After 30 November, SDDC will begin deactivating these TFG/GBLOCs.

**POC:** SDDC G3 Domestic Freight Management Branch, [usarmy.scott.sddc.mbx.g3-domestic-freight-services-branch@army.mil](mailto:usarmy.scott.sddc.mbx.g3-domestic-freight-services-branch@army.mil)
