Customer and Carrier Advisory

February 7, 2023

CA 23-02-07/0016

Subject: Defense Transportation Tracking System (DTTS) GeoFencing of the 57th Super Bowl at State Farm Stadium in Glendale, AZ, 12 February 2023.

Purpose: To advise Department of Defense (DoD) shipping activities and Transportation Service Providers (TSP) that the DTTS office will establish a GeoFence for the area surrounding State Farm Stadium in Glendale AZ during the 57th Super Bowl.

Be Advised: DTTS will establish a GeoFence to monitor DTTS-tracked shipments moving in/out of the affected area from 06:30 to 23:30 Mountain Standard Time (MST), 12 February 2023. The GeoFence will extend approximately 50 miles from the State Farm Stadium in Glendale, AZ. It includes parts of I-17, I-10, and various other highways leading to DoD and U.S. Coast Guard activities.

Guidance: TSPs should use alternate routes to avoid the affected area. Recommend DoD installations plan Satellite Motor Surveillance Service (SNS) pick-ups or deliveries appropriately.

Transportation Officers are advised to coordinate with SDDC/DTTS for inbound/outbound SNS shipments to/from the affected area. Shipments required to enter the GeoFenced zone due to operational necessity must be reported to the DTTS Operations Center at (800) 826-0794.

POC: For information on the GeoFence process please contact the DTTS Operations Center at (800) 826-0794 or at usarmy.scott.sddc.mbx.dtts@army.mil

Expiration: 2330 PST, 12 February 2023
