Subject: SDDC Weekly Cyber Review Posting

Purpose: To share publicly available cyber information with DoD transportation stakeholders via the Weekly Cyber Review.

Be Advised: The Weekly Cyber Review (WCR) is now available on the SDDC public website. Produced by HQ SDDC G2, the WCR is a compilation of publicly available information aggregated and is not an Intelligence Community Directive (ICD) guided analytic product (i.e. ICD 203/206/208).

WCR publications contain significant threat information or environmental updates applicable to the cyber domain from across the cybersecurity community. This product was produced by HQ SDDC G2 - Cyber and is an internal management tool intended to serve the informational needs of cybersecurity professionals within SDDC and partner commands. The views expressed are those of the authors and are for informational purposes only; this is not an endorsement of any commercial cybersecurity services or vendors.

All titles within the document are hyperlinked to full articles as only the introductory lines or a brief summary of the included pertinent articles are provided for easy previewing.

The link to the WCR section can be found on the SDDC public website at: [Weekly Cyber Reviews \(army.mil\)](#)

There are three iterations of the WCR already posted to the site and available for review.
