Charter Cargo Program  
(Per Diem Charters)

Definitions

The Charter Cargo stabilized per diem billing rates are established for ocean going vessels, tugs, and /or barges that are contracted on a yearly basis to provide charter transportation services to Defense Transportation System (DTS) shippers. The vessel's sponsors are billed on a per diem basis at the applicable billing rate for each day of service that they require for the cargo movement.

Cargo Commodity (CC) Codes

CC	Vessel Name	Description
P1	American Tern	Chartered icebreaking vessel running from early June thru early August from Cheatham Annex, VA to Tule, Greenland sponsored by the Air Force Materiel Command and from December thru March from Port Hueneme, CA to the Antarctic, sponsored by the National Science Foundation. The dedicated sponsors are billed at the per diem rate for every day the ship is on a dedicated voyage. Billing for the remaining days of service will be at the per diem rate to other customers as requirements are filled.
P2	Sagamore	Chartered ocean going vessel running between Sinapore and Diego Garcia under the sponsorship of the Naval Transportation Support Center (NAVTRANS). The sponsor is billed the per diem rate for every day the ship is on-hire. The per diem bill is reduced by the amount of non-sponsor cargo carried on the voyages that is billed at the normal Charter Cargo stabilized billing rates.
P3	Seamark/Mobro	Chartered tug/barge running between Cape Canaveral to Andros Island and sponsored by the Naval Undersea Warfare Center. The sponsor is billed the per diem rate for every day the ship is on-hire. The per diem bill is reduced by the amount of non-sponsor cargo carried on the voyages that is billed at the normal Charter Cargo stabilized billing rates.

Charter Cargo Program  
(Per Diem Charters)

Stabilized Billing Rates

<u>Vessel</u>	<u>CC</u>	<u>Per Diem Billing Rate</u>
American Tern	P1	\$32,380 per day
Sagamore	P2	\$17,120 per day
Seamark/Mobro	P3	\$ 2,345 per day
