- j. Reference Attachment E, Performance Requirement #9 is changed to read as follows:

Performance Objectives:

The contractor shall provide an updated PMP incorporating a plan for training all users of DPS, and DECC support personnel. The plan shall also consider and provide recommended methods for satisfying sustainment user training during the DPS operational period. The plan must be consistent with the timeline constraints identified in sections 1.1 and 1.4.5 (Period of Performance). The military transportation schools will be providing functional user training on DPS to selected users (e.g. PPSOs and service members). The plan shall address the support to the military transportation schools.

- The selected contractor shall be required to comply with the process and procedures described in Attachment K of the Education and Training (E&T) Concept of Operations (E&T ConOps). The E&T ConOps requires the vendor's use of a repository containing E&T materials already developed by or for existing DoD ERP programs. The contractor shall be required to use the repository with the intent to leverage any work already done. The contractor shall also described the approach used in order to comply with the requirements of the E&T ConOps while performing E&T activities and materials development, including the use of the E&T Repository.
- Any and all E&T Materials developed by the Contractor shall become the property of the Government for use in other projects through the E&T Repository. The format and design of any E&T Material developed by the Contractor shall comply with the standards required for inclusion in the E&T Repository as set forth in the E&T ConOps document.
- The resulting E&T Materials to be delivered by the Contractor shall comply with the specifications and parameters set forth in the Training Strategy and Detailed Training Plan. No other E&T materials may be developed without the advance written approval of the Government.

Performance Standards:

Submit a draft of the updated PMP with the training plan, including milestones ninety (90) days after contract start. Provide revised PMP fourteen (14) days after receipt of Government comments.

Performance Measure:

Monitor timely submission and review PMP for acceptability
