

Military Surface Deployment & Distribution Command

2013 DPS RATE FILING OVERVIEW & FAQs

Defense Personal Property System (DPS)

Training Objectives

- Provide an overview of the Rate Filing Process in Defense Personal Property Program
- Show & tell rate filing resources available to TSPs and explain how they can be used
- Provide answers to commonly asked Rate Filing questions

Rate Filing Web Conference

KEY DOCUMENTS

- Navigate to <http://www.sddc.army.mil/PP/default.aspx>-> Personal Property>Defense Personal Property Program (DP3)>Phase II Business Rule Attachments
 - Rate Filing Document
 - 400NG
 - International Tender

- Navigate to www.sddc.army.mil->Personal Property>Defense Personal Property Program (DP3)>Defense Personal Property Program>DPS User Guide
 - Rate Filing User Guide TSP Edition

Rate Filing Web Conference

ADDITIONAL RESOURCES

- Rate filing memorandum
- Historical Shipment Data
- Channel List and Sample Rate Files
- Many other resources <http://www.sddc.army.mil/PP/default.aspx> -
>Personal Property>Defense Personal Property Program
(DP3)>Defense Personal Property System (DPS)>DPS Rate Filing>
DPS Rate Filing Overview 2013

Rate Filing Web Conference

3 RATE FILING METHODS

- RFQ Module Interface
 - Single SCAC, small number of channels, verification of rates
- BidLinx Tool
 - Single SCAC, moderate number of channels, offline use
- Bulk Rate Filing
 - Single or Multiple SCACs, large # of channels, offline use
- Go to <http://www.sddc.army.mil/PP/default.aspx> and navigate to “Personal Property>Defense Personal Property Program (DP3)>Phase II Business Rules Attachments>RFQ Rate Filing Instructions” for more detail

Rate Filing Question

- When will we receive new rate rejection notifications once our Round 1 filings are reassessed?
- ANSWER:
Notifications will be out following the closure of Round 1 of DPS Rate Filing.

DPS – RFQ Module Interface

The screenshot shows a web browser window titled "DPS - TEST - Version 1.0.13-1 - Microsoft Internet Explorer". The address bar contains the URL: https://dpstest.sddc.army.mil/finsechannel_enu/start.swe?SWECmd=Login&SWEPL=1&_sn=cTDxb64U33m0B49NKGbP.IGp03BXHiCvP-nlmCWgU7U_&SWETS=. The browser's navigation bar includes "Back", "Forward", "Home", "Search", "Favorites", and "Norton Internet Security".

The main content area displays the "Defense Personal Property System (DPS)" header with navigation links for "Home", "Site Map", and "Log Out". Below the header is a menu bar with tabs: "Home", "Invoicing/Approvals", "Document Status", "Qualifications Forms", "2DMSL", "DPS Analytics", "Customer Surveys", "Rates", "TSPQP Form History", and "Trac". The "Rates" tab is selected, and the page title is "Welcome to DPS Rates".

On the left side, there is a sidebar menu titled "Rates" with the following options: "Edit Tender Number", "Edit Volume Move", "RFQ module", and "Upload Bulk Rates". The "RFQ module" option is highlighted with a red rectangular box.

The status bar at the bottom of the browser shows the date and time: "Sunday, September 23, 2007 9:25:57 PM". The Windows taskbar at the very bottom shows the "start" button and several open applications: "DPS - TEST - Version...", "TT BR Outline - Micro...", "Lexar (E:)", "Microsoft PowerPoint ...", "Norton", and the system clock showing "5:25 PM".

RFQ Summary Discrete Lane Bids Help

Rate Filing Question

- How long will rate filing last?

- ANSWER:
 - Round 1: Feb 3rd (07:00 PM EST) – Feb 8th (07:00 PM EST)

 - Round 2: Feb 20th (07:00 PM EST) – Feb 27th (07:00 PM EST)

Rate Filing Question

- Can you please clarify the begin/end dates for Peak and for Non Peak Seasons?

- ANSWER:

Peak season
15 May - 30 Sep

Non Peak season
1 Oct - 14 May

Rate Filing Question

- What is the difference between Round 1 and Round 2? Is this filing for interstate, intrastate or both?
- ANSWER:
Round 1 allows you to file and Round 2 allows you to refile if your rates were rejected. Filing will take place for ALL channels in which you wish to do business; interstate, intrastate, international, and special solicitation.

Rate Filing Question

- Where can I find historical data to assist me in filing rates for Defense Personal Property Program (DP3)?
- ANSWER:
Historical shipment data for TOPS is available at www.sddc.army.mil
>Personal Property>Rates-Domestic>Public File>follow link> Search by GBLOC. (This link has the data for both Domestic and International). Data for DPS will be posted online.

Rate Filing Question

- Are GBLOC codes going to be used in rate filing? Or will we be using the rate area codes as our filing origins?
- ANSWER:
Rate filing no longer takes place at the GBLOC level. The origin for both domestic and international rate filing in Defense Personal Property Program is the rate area. The domestic destination is a Region, and the international destination is the rate area. See the Rate Filing rules for details.

Rate Filing Question

- For the Defense Personal Property Program one year cycle, must the TSP have valid Letters of Intent (LOIs) on file at the applicable PPSO for domestic and international in order for rates to be accepted?
- ANSWER:
LOI's no longer exist in the Defense Personal Property Program and rate filing prerequisites are detailed in the Rate Filing Business Rule.

Rate Filing Question

- If I file rates, for what time period will my rates be effective?
- ANSWER:
TSPs who file rates will be filing for the time period of 15 May – 14 May of the following year.

Rate Filing Question

- How many solicitations should I see when I click in my rates tab and then RFQ module? What will the dates read?

- ANSWER:

The number of solicitations you see will depend on your qualifications (up to 5 total). All are named “XYZ[100515-110515](#) solicitation” but rates filed will apply as stated from 15 May 2013 to 14 May 2014.

Peak rate portion (15 May 2013 - 30 Sep 2013)

Non peak portion (1 Oct 2013 - 14 May 2014)

Rate Filing Question

- If I am using a rate filing representative how do I ensure that they will be able to file on my behalf?

- ANSWER:

First, you must ensure that you have associated the rate filing representative to your account in DPS using the “TSP/Agent” tab and the DUNS number provided to you by the rate representative.

Second, you may wish to enter their email address in the “TSP rates email address” field located in your email manager in DPS. You can navigate to email manager by logging into DPS and clicking on “qualifications forms” and then “email manager.”

Rate Filing Question

- Can I expect to receive rate rejection notices each day? What kind of rejection notices will I receive?
- ANSWER:
You will only receive daily rate rejection notices if you or your rate filing representative use the Bulk Rate filing method, and even then only if you have formatting or other non **competitive range** errors.
Competitive range error notices (Error codes 4 and 8) will ONLY be received once each rate filing round is complete.

Rate Filing Question

- As an Intrastate only qualified TSP, will we file rates in the upcoming Round 1? If so where in the training does it cover filing Intrastate rates only?
- ANSWER:
All TSPs wishing to do business must file during the upcoming rate filing. Intrastate rate filing is no different than other rate filing except rates are filed to destination Region 15. See the Rate Filing Business Rules and TSP Rate Filing User guide for details.

Rate Filing Question

- How do I verify that my rates were successfully uploaded? How can I view them? How do I delete or update?
- ANSWER:
While rate filing is open you can view or delete your rates in the web based RFQ workbench. You can always update rates **(while that rate filing round is open)** by uploading another bid file or bulk rate file; however, you cannot withdraw/delete a bid once published.

Rate Filing Question

- What about if the RFQ Workbench doesn't show all of my rates? Can I verify or delete any other way?

- ANSWER:

No, while the rate filing window is still open the RFQ Workbench is the only tool for validation of uploaded rates and deletion of rates. Once each rate filing round is complete you can run a report to view your “accepted” rates in DPS Analytics called “Rates TSP Analytics.”

Note: if you decide to publish (which is not required for annual filing), you will be unable to completely delete a rate, although you will still be able to update one.

Rate Filing Question

- When will I be able to see my rates in DPS Analytics and how? Will this show accepted rates or all rates?
- ANSWER:
24 hours after you receive rate rejection email notifications you can view your “accepted” rates in the DPS Analytics tab. This report, called “Rates TSP Analytics,” only shows accepted rates. Once the round closes and the rate processor has run, data will be loaded overnight from the operational database to the reporting database, which takes an additional 24 hours.

Rates TSP Analytics Report

The screenshot displays the Defense Personal Property System (DPS) interface. At the top, the title "Defense Personal Property System (DPS)" is visible. Below the title, there is a navigation bar with several tabs: "2DMSL", "DPS Analytics", "Custom", "Surveys", "Rates", "TSPQP Form History", "Tracking", "Shipment Mgmt", "Best Value Scoring", "DPS User Satisfaction", and "Claims". The "DPS Analytics" tab is currently selected. A yellow arrow points to the "Rates TSP Analytics" option in the dropdown menu under "DPS Analytics". Other options in the menu include "Shipment Analytics", "Invoice Analytics", "Claims Analytics", "Excel Analytics", "QA Analytics", "Survey Analytics", "Queues", and "DPS Answers".

Below the navigation bar, there is a search area with the following fields: "Rate", "Tariff", "Code of Service", "Market Code", "Domestic Rate Area (PPDRA)", and "Domestic Region". A "Searching..." indicator is present, along with a link to "cancel, click here".

At the bottom right of the interface, it says "powered by ORACLE".

[Refresh](#) - [Print](#) - [Download](#)

Rate Filing Question

- How can I file special solicitation rates?
- ANSWER:
Special Solicitation rates can be filed using any of the 3 available methods.

Rate Filing Question

- How soon after uploading a bulk file and/or uploading a bid file will rates appear in my RFQ workbench? Do I have to publish to see them?
- ANSWER:
Rates should appear in your RFQ workbench in no more than a few hours. Publishing is not necessary for annual rate filing. You may revise your bid **while that round is open**; however, you cannot withdraw a bid once published.

Rate Filing Question

- Can I use the BidLinx export lane process to verify my rates after I've uploaded them via a bid file or via a bulk file?
- ANSWER:
You can only verify uploaded rates in the RFQ workbench. The export feature from within Manugistics is intended for the BidLinx process only, not as a method for reporting back rates that have been uploaded.

Rate Filing Question

- After round 1 is complete, if the TSP receives an error report for a rate that is too high, will they be told how much it must be lowered to be within the zone of SDDC **competitive range**? If **they** do not know how much to lower the rate, **they** may be too high after the second round.
- ANSWER:
No, you will not be told what the **competitive range** is. If you wish to retry, you must determine how much of a discount you are willing to make and the possibility will still exist that your rate will be rejected after round 2. You will then be able to attempt to refile rates in 2014.

Rate Filing Question

- If I receive a rejection notice for either pair of a rate channel (Peak or Non peak SFR; LH or SIT discount) do I need to refile only the rejected pair or both rate pairs (i.e. LH and SIT discount)?
- ANSWER:
Unlike in previous years, the TSP will not be able to refile both components (i.e. LH and SIT)* of the rate channel when the cause of rejection is due to issues with only one of the rate components. This means there is a partial acceptance of a rate pair in the system (i.e. LH and SIT discount is no longer considered as 1 record in the system).
- * - TSP must refile both components when filing by Bulk Rate File; however, only the rejected rate(s) will update/change. The TSP will receive a rejection notice identifying the refiling of a previously accepted rates.

DPS – Annual Rate Rejection Codes

| Code | |
|------|---|
| 1 | Performance score of TSP is below minimum acceptable score. |
| 2 | TSP is part of a CFAC which already submitted rate for the channel and code of service. |
| 3 | TSP is not authorized to work in the market. |
| 4 | TSP intl-rate/dom discount is higher than acceptable high for this channel and code of service. |
| 5 | TSP did not submit both a peak and non-peak rate for this international channel. |
| 6 | Incomplete special solicitation rates. |
| 7 | The CIP or COR of the TSP has not been updated. |
| 8 | TSP INTL-rate/DOM-discount is lower than the acceptable low for this channel and code of service. |
| 9 | TSP did not submit both a Line Haul and SIT discount for this domestic channel. |
| 10 | Maximum weight per day too low for volume move bid. |

Rate Filing Question

- When filing rates in Round 1 and you receive an error that your Linehaul or SIT discount is too high, does this mean that you need to raise the discount amount or lower it? How about Peak and Non-peak SFR? Does high mean low or vice versa?
- ANSWER:
Too high of a discount and too low a Single Factor Rate are synonymous. Conversely, too low of a discount and too high a Single Factor Rate are synonymous
- Error code 4: TSP INTL-rate/DOM discount is higher than acceptable high for this channel and code of service.
 - Above means “Internationally your SFR is higher than the acceptable high and should be lowered.” Alternatively “Domestically your discount is higher than the acceptable high and you should lower your discount.”
- Error code 8: TSP INTL-rate/DOM discount is lower than the acceptable low for this channel and code of service.
 - Above means “Domestically your discount is lower than the acceptable low and you should increase your discount.” Alternatively “Internationally your SFR is too low and you should raise it.”

Rate(s) Rejected for IUB, Round 1 (AWDW)

1 message

rates@sddc.army.mil <rates@sddc.army.mil>

Reply-To: rates@sddc.army.mil

To: danny.martinez5@gmail.com

You are hereby notified that the rate(s) submitted for the following channel and code of service have been rejected. See below for more details.

| Code of Service | Origin | Destination | Error Code | Component |
|-----------------|--------|-------------|------------|-----------|
| J | PO01 | NH | 4 | NonPeak |
| J | US15 | GQ | 4 | NonPeak |
| J | US17 | IT | 4 | NonPeak |
| J | US20 | BA | 4 | NonPeak |
| J | US20 | JA01 | 4 | NonPeak |
| J | US45 | BA | 8 | Peak |
| 8 | US47 | BA | 4 | NonPeak |

REJECTION CODES LEGEND

| Error Code | Description |
|------------|--|
| 1 | PERFORMANCE SCORE OF TSP IS BELOW MINIMUM ACCEPTABLE SCORE |
| 2 | TSP IS PART OF A CFAC WHICH ALREADY SUBMITTED RATE FOR THE CHANNEL AND CODE OF SERVICE. |
| 3 | TSP IS NOT AUTHORIZED TO WORK IN THE MARKET |
| 4 | TSP INTL-RATE/DOM-DISCOUNT IS HIGHER THAN ACCEPTABLE HIGH FOR THIS CHANNEL AND CODE OF SERVICE |
| 5 | TSP DID NOT SUBMIT BOTH PEAK AND NON-PEAK FOR THIS INTERNATIONAL CHANNEL |
| 6 | INCOMPLETE SPECIAL SOLICIT RATES |
| 7 | THE CIP OR COR OF THE TSP HAS NOT BEEN UPDATED |
| 8 | TSP INTL-RATE/DOM-DISCOUNT IS LOWER THAN THE ACCEPTABLE LOW FOR THIS CHANNEL AND CODE OF SERVICE |
| 9 | TSP DID NOT SUBMIT BOTH A LINE HAUL AND SIT DISCOUNT FOR THIS DOMESTIC CHANNEL |
| 10 | MAXIMUM WEIGHT PER DAY TOO LOW FOR VOLUME MOVE BID |

Note: If any rates are rejected you must resubmit rates for both Peak and Non-Peak.
You may resubmit your rate(s) in round 2/final round of rate filing beginning on 11/19/2007

Note: The 2nd round is the final round of rate filing, rates rejected in the final round cannot be re-filed for any reason

Thank You,
SDDC Rates Administrator

Rate Filing Question

- Will the accepted rates from other TSPs who filed rates be available before the TSP must file in the second round?
- ANSWER:
Rates from other TSPs will NOT be available either before or after rate filing. TSPs can review their own rates in DPS analytics “Rates TSP Analytics Report” once the rate filing round is closed and 24 hours after the processor has finished running.

Rate Filing Question

- I am trying to determine the weighting of the discounts in your process of determining the best value index for the rates. Do you assume there is SIT on each shipment so you average the two discounts? Transportation & SIT ?
- ANSWER:
There are 2 discounts, dTRC (linehaul) and dSRC (domestic SIT). The discounts are weighted at 80% (of RS) for dTRC and 20% (of RS) for dSRC. These discounts are compared to all other TSPs discounts to formulate an RS score (30% of BVS). See the DTR Part IV, **Chapter 403, Para. C(22)h** at <http://www.transcom.mil/dtr/part-iv/dtr-part-4-403.pdf> for a complete answer.

Rate Filing Question

- JPPSO-WA Ft. Belvoir handles both Virginia and Maryland Intrastate shipments. Do Maryland Intrastate TSPs need to file from US25 (Virginia) to Region 15 (Intrastate) to get their Maryland Intrastate shipments or do they need to file from US23 (Maryland) to Region 15 (Intrastate)?
- ANSWER:
Maryland Intrastate TSPs wishing to do Maryland Intrastate shipments must file US23 to Region 15. Filing US25 (VA) to Region 15 would equate to Virginia Intrastate shipments and US25 to Region 10 would cover VA to Delaware, District of Columbia, Maryland, West Virginia. This is independent of the JPPSO AOR.

Rate Filing Question

- HAFC, San Antonio, TX took over the area of responsibility for the Air Force bases in Florida. Will Florida Intrastate TSPs need to file from whatever region HAFC San Antonio, TX is in (US68) to Region 15 to cover Florida Intrastate shipments?
- ANSWER:
No. Florida Intrastate shipments would be filed as US49 to Region 15 and US4964400 to Region 15, depending on the portion(s) of Florida from which you wish to provide origin services. Note, the destination region is the full state of Florida. For the purposes of rate filing, this is independent of JPPSO SATs AOR.

Rate Filing Question

- Can I use the Sample "BidLinx" tool posted online for preparation of rates? What about the Sample Bulk Files? Considering this is a new process for us as a TSP, it would be helpful to use these tools.
- ANSWER:
Sample BidLinx and Bulk Rate Files are samples only. Note, these cannot be directly input into DPS and are available only for guidance and not to be used as a template.

Rate Filing Question

- In order to use the Bulk Rate Filing do all of the TSP's have to have CFAC listed on their CIP? Or, does each TSP have to list the filing TSP as the Rate Filing Agent?
- ANSWER:
No TSP in DPS, whether in CFAC or not, is allowed to file rates for any other TSP. Only a rate filing representative user role in DPS can file rates for multiple SCACs. Rate filing representatives must be associated to the TSPs account by the TSP to be able to file rates.

Rate Filing Question

- The PPSO at which I do business is excluded from Phase II and III, or otherwise is not scheduled for Defense Personal Property Program until XYZ. Do I still need to file or wait until the start date?
- ANSWER:
No site is excluded from DPS rollout. The next opportunity for rate filing will be in 2014.

Rate Filing Question

- Is there a filing method in which a TSP will receive error messages the next day and can make those changes or fixes before the round closes?
- ANSWER:
Yes, if you use the Bulk Rate Filing method, which provides overnight error exceptions, you will receive certain types of error notifications overnight, before the round is closed.
- Note – A TSP must refile both components when filing by Bulk Rate File; however, only the rejected rate(s) will update/change. The TSP will receive a rejection notice identifying the refiling of a previously accepted rates.

Rate Filing Question

- Rates were submitted by bulk file transfer. Before the round closes changes need to be made. Should the entire carrier's rates be resubmitted or just the changes be made by bulk transfer?
- ANSWER:
The entire file does not need to be resubmitted, only changes; however, you can make the changes on the exact same bulk file and resubmit and all rates on sheet will override rates in system. In this case only changed cells will update in DPS; however, you can also submit a new bulk with only the changes and this will work too.

Rate Filing Question

- Using bulk transfer, how are rates deleted if it was decided that the carrier changed his mind and did not want rates filed in a certain area?
- ANSWER:
You must delete manually in the RFQ workbench as submitting a blank cell in a bulk rate file will not delete a rate in DPS. Note, if you have “published” you will not be able to withdraw or delete a bid.

Rate Filing Question

- If my rate filing service submits all of my rates before the due date and I want to make additional changes by the end of the due date will you accept the new rates submitted? Must we submit all rates or just the changes?
- ANSWER:
Yes, you can make changes as long as the round is not closed. Only changes and/or deletions need to be resubmitted. Note, if you have “published” you will not be able to withdraw or delete a bid.

Rate Filing Question

- Can a TSP file both international & domestic rates at different times and from different locations?
- ANSWER:
As long as the rate filing round remains open you can file rates at different times and at different locations. Depending on the method used you can save your information and/or work offline throughout the round. You can also change rates before the end of the round or file part of your rates and have a representative file another part.

Rate Filing Question

- How can I be sure of what format must be used on a bulk rate file?
- ANSWER:
See the TSP Rate Filing user guide Paragraph **4.1.3**. Standard channels contain 7 columns and Special Solicitation Channels must contain 12 columns. Bulk files will be validated for format immediately, revalidated overnight, and at the end of the round.

Rate Filing Question

- The format for bulk uploading special solicitation rates asks for a foreign flag certification code. What does entering a 1 (yes) or a 2 (no) mean?
- ANSWER:
The 'Foreign Flag Certification' is an optional field. Please see the TSP Rate Filing User Guide Para. **4.1.2**.
