# **DOMESTIC SUMMER RATE CYCLE, 2008 (DS08)**

## **SUMMARY OF CHANGES**

(EFFECTIVE 1 MAY 08 THRU 31 OCTOBER 08)

### **1. GENERAL**

The attached updates to the Domestic Personal Property Rate Solicitation, D-14, become effective May 1, 2008, with the Domestic Summer (DS08) rate cycle. Changes are highlighted in “red.” The domestic rate solicitation and the rate filing schedules are available only on the World Wide Web at <http://www.sddc.army.mil/>.

A General Price Adjustment (GPA) was computed, based on the past 6 months’ numbers for the Current Employment and Unemployment (CEU) Statistics and Consumer Price Index (CPI), using the multipliers and data provided on the American Moving and Storage Association (AMSA) and U.S. Bureau of Labor Statistics web sites. This GPA was used to calculate the Administrative High and Low Rates for the DS08 Rate Filing Cycle (Item 616) and it was also applied to adjust the rates for Items 410, 421, 422, 424, 426, 430, and Chapter IV, Appendix E.

This rate cycle continues a series of planned consolidations of various services’ PPSOs and their corresponding areas of responsibility, and will continue for the foreseeable future. The changes will be documented in each version of the Domestic Rate Solicitation as they become effective. The PPSOs affected for DS08 are as follows, with geographic change specifics outlined in Chapter 4, Item 400, Additional Services:

- a. NORTH CAROLINA. Transferred responsibility of Seymour Johnson AFB (BMFL) to JPPSO-Northeast (AGFM).
- b. OHIO/INDIANA. Transferred responsibility of Wright-Patterson AFB (ELFL) to JPPSO-Northeast (AGFM).
- c. SOUTH CAROLINA. Transferred responsibility of Shaw AFB (CEFL) to JPPSO-Northeast (AGFM).
- d. MISSISSIPPI/ALABAMA. Transferred responsibility of Keesler AFB (FMFL) to JPPSO-SAT (HAFC).
- e. GEORGIA/FLORIDA. Transferred responsibility of Robins AFB (CFFQ) and Moody AFB (CKFL) to JPPSO-SAT (HAFC).

## DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14

**CHAPTER I - POLICY**

## ITEM 100.

**APPLICATION OF RATE SOLICITATION**

a. The Domestic Personal Property Rate Solicitation, hereafter referred to as "rate solicitation," is applicable to household goods shipments (as defined in Chapter 8) transported for the account of the entire Department of Defense (DOD), including civilian-appropriated and non-appropriated fund employees and the U.S. Coast Guard (USCG).

b. The provisions of this rate solicitation apply to the transportation rates and to the accessorial rates and/or charges filed in separate and related individual rate filing at the Military Surface Deployment and Distribution Command (SDDC). **Except as otherwise provided, the Transportation Service Provider's effective rate on file on the date of pickup is applicable. All rates and/or charges are expressed in U.S. dollars and cents per net hundredweight (CWT), unless otherwise stated, and are applicable based on the pickup date of the shipment.**

## ITEM 101.

**EXCEPTIONS TO RATE SOLICITATION APPLICATION**

a. **This solicitation is not applicable for the following moves:**

(1) Local Moves (Drayage). Tenders applying for procurement of local services must be filed directly with the applicable personal property shipping office (PPSO) for processing. However, most local moves are procured under locally administered packing and containerization contracts. Transportation Service Providers must determine applicable procedures at each installation.

(2) International Through Government Bill of Lading (ITGBL) Moves. See International Personal Property Rate Solicitation, and reissues thereof, for filing single factor rates for international personal property shipments.

(3) One-Time-Only Moves. See International Personal Property Rate Solicitation and reissues thereof.

(4) International Volume Moves. International volume moves are covered in the International Personal Property Rate Solicitation and reissues thereof. See Chapter V of this rate solicitation for domestic volume move procedures.

(5) Domestic Mobile Home/Boat One-Time-Only Moves. See "Mobile Home/Boat Rate Solicitation" and reissues thereof.

## ITEM 102.

**RATE SOLICITATION MODIFICATIONS AND REISSUES**

Modifications and reissues will be accomplished by posting the amended page(s) and reissue(s) of the rate solicitation on the World Wide Web at <http://www.sddc.army.mil>. Page modifications will be noted in the upper right-hand corner of the page.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

ITEM 103.

**PARTICIPATION IN THE SDDC DOMESTIC  
PERSONAL PROPERTY RATE SOLICITATION**

a. A Transportation Service Provider agrees to participate in the rate solicitation when submitting rates under the provisions of these instructions for interstate and intrastate traffic. All rules and regulations governing the application of individual rate records/tenders submitted in the prescribed format are contained in this rate solicitation. This rate solicitation will not be altered in any manner. Participating Transportation Service Providers are to retain this rate solicitation.

b. There will be two rate filing cycles each year. Both Interstate and Intrastate rate filing deadlines will be announced prior to their expiration on the SDDC Personal Property web page (<http://www.sddc.army.mil>) under "Personal Property/POV," then "Domestic," then "...more," then "Rate Filing Schedules." Transportation Service Providers are strongly urged to check the SDDC web site frequently for changes to the schedules. The rate filing cycle effective May 1 will be identified as DS (year), i.e., DS98. The rate filing cycle effective November 1 will be identified as DW (year), i.e., DW98.

ITEM 104.

**ELECTRONIC SUBMISSION OF ALL CORRESPONDENCE**

a. All correspondence submitted to SDDC's Personal Property Division, Rates and Analysis Branch as required or requested under this solicitation, shall be by electronic means. Correspondence pertaining to the Interstate Program shall be e-mailed to [pp-rates-dom@sddc.army.mil](mailto:pp-rates-dom@sddc.army.mil). Correspondence pertaining to the Intrastate Program shall be e-mailed to [intrafile@sddc.army.mil](mailto:intrafile@sddc.army.mil).

b. "Electronic means" is interpreted as the non-paper transmission and receipt of correspondence. Facsimile or "fax" means of transmission and receipt is no longer acceptable.

c. Electronic reproduction of the forms contained in this solicitation shall be the responsibility of the Transportation Service Provider. All forms in this solicitation used for the electronic transmission of required data must be received by SDDC exactly as shown herein.

d. With the exception of electronic rate submissions in chapter 6 of this solicitation, all other TSP electronic rate submissions requested by this solicitation must be verified and/or validated with SDDC in advance of all applicable closing date(s) to ensure that the transmission(s) was/were received. Failure to validate or to verify the submission(s) will result in their being null and void, and SDDC will not be held responsible for nonaward of rate submission(s) that were not received and validated.

ITEM 105.

**ACCEPTANCE OF RATES - OPTION TO EXTEND OR MODIFY**

a. SDDC reserves the right to reject any or all offers; to waive informalities in offers received; to negotiate, accept, or reject initial or subsequent submissions without discussion of rates; to nonuse or cancel any rate upon 15 days notice; and resolicit rates. Additionally, SDDC reserves the right, on 15 days notice, to:

- (1) extend the effective period of rates by 45 days to modify the rate filing period;
- (2) change the type of rates being solicited;
- (3) resolicit rates as a result of Government or Transportation Service Provider actions; and/or

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(4) take any appropriate action to protect the Government's interests in response to delaying court injunctions, data processing failures, strikes, embargoes, and other policy or economic situations.

**ITEM 106. TRAFFIC OFFERED TO LOW RATE RESPONSIVE RESPONSIBLE TRANSPORTATION SERVICE PROVIDERS**

a. Competitive individual rate records/tenders under this rate solicitation shall be received from qualified DOD-approved individual Transportation Service Providers and licensed forwarders. Any and all rates received may be rejected because of unreasonably high prices. Traffic requirements will be offered to those low rate responsible Transportation Service Providers whose tenders are responsive and most advantageous to the Government. A responsible Transportation Service Provider is one who:

- (1) is listed on the DOD list of approved Transportation Service Providers and forwarders,
- (2) has appropriate operating authority and licenses,
- (3) has adequate financial resources,
- (4) has the ability to comply with required delivery and performance schedules, and

(5) has a satisfactory record of performance and integrity and is otherwise qualified under applicable law and regulations.

b. Tenders of rate bureaus and associations engaged in collective rate making functions inconsistent with the Government's goal to maximize competition are not solicited and shall not be accepted.

**ITEM 107. INDUSTRY RATE SUBMISSIONS**

a. Interstate Program. Transportation Service Providers are solely responsible for the submission and quality control of their rates, in accordance with the procedures prescribed in Chapter VI. **The failure of submissions to actually arrive in the anonymous File Transfer Protocol (FTP) computer at SDDC by the designated filing date will result in nonacceptance of the submissions.** Transportation Service Providers/Automated Data Processing (ADP) agents are responsible for the selection and actions of their on-line service provider. Transportation Service Providers are also responsible for any internal company computer security and control/use of issued passwords for access to the FTP computer. SDDC may, however, grant Transportation Service Providers/ADP agents one additional opportunity, within 4 working hours after notification by SDDC, to submit a new FTP file if the original file fails to process or complete loss in transmission before the filing deadline is proven. SDDC will produce a summary of rates on each FTP file submitted. An analysis will be completed to identify any major problem, such as lack of interstate DOD approval for a particular Standard carrier alpha code (SCAC), rejection of total rate field, etc. SDDC does not guarantee that all rejections and/or errors will be identified through this analysis.

b. Intrastate Program. Each Transportation Service Provider is completely responsible for the proper preparation and submission of its individual rate tenders (IRTs), in accordance with the procedures and formats prescribed in Chapter VII. Tenders must be legibly typed in black ink. IRTs, or supplements thereto, will not be altered in any way.

**EMERGENCY SERVICES**

a. Notwithstanding any other provision of this rate solicitation, a Transportation Service Provider may be requested to provide equipment, personnel, and services not described herein to accommodate surges to the Government's requirements. These requirements may materialize in the event of a declaration of war, national emergency, natural disaster, or other unforecasted contingency of a military or humanitarian nature. SDDC may, at any time, negotiate with Transportation Service Providers to make changes in writing or orally (to be formalized in writing) to the work ordered that is within the general scope of this rate solicitation, with compensation mutually agreed upon by SDDC and the Transportation Service Provider(s) involved. Changes may include, but are not limited to:

- (1) terms and conditions of the rate solicitation, such as tonnage increases or extended delivery areas;
- (2) method or manner of performance of the work, to include extended operating hours;
- (3) acceleration in the performance of work.

b. Any other written or oral order from any source other than as directed by SDDC that causes a change shall be considered only after the Transportation Service Provider gives SDDC written notice stating the date and circumstances, and the source of the order. The Transportation Service Provider may process the changes as set forth below, upon approval by SDDC.

c. Except as provided in this provision, no order, statement, or conduct of any transportation official shall be treated as a change under this provision or entitle the Transportation Service Provider to an equitable adjustment. No proposal by the Transportation Service Provider for an equitable adjustment shall be allowed if asserted after final payment.

d. Billing. Line haul and accessorial charges under this provision will be billed at the levels agreed upon under paragraph a(1) above. In cases where there is insufficient time to reach prior agreement on charges, the Government is to make an equitable adjustment in charges upon receipt of the Transportation Service Provider's billing, documenting the charges and costs for services as verified and approved by the personal property shipping office. The Transportation Service Provider shall provide the bill of lading BL, carrier waybill, and other supporting documentation. The BL must contain the following statement and/or entry:

“These charges are in accordance with adjustments or negotiations for services authorized by SDDC message/letter dated \_\_\_\_\_, Subject: \_\_\_\_\_, Item/Rule Number \_\_\_\_\_, Publication Number \_\_\_\_\_.”

**RESERVED FOR FUTURE USE**

ITEM 111.

**DOD PEACETIME AND CONTINGENCY (VISA) SEALIFT REQUIREMENTS**

a. The Secretary of Defense has approved the Voluntary Intermodal Sealift Agreement (VISA) as a sealift readiness program for the purpose of Section 909 of the Merchant Marine Act of 1936, as amended (46 App. U.S.C. 1248).

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

b. The objective of VISA is to provide DOD a coordinated, seamless transition from peacetime to wartime for the acquisition of commercial sealift and intermodal capability to augment DOD's organic sealift capabilities.

c. VISA is designed to create close working relationships between the Maritime Administration (MARAD), U.S. Transportation Command, and participants through which contingency needs and the needs of the civil economy can be met by cooperative action. During contingencies, participants are afforded maximum flexibility to adjust commercial operations by Carrier Coordination Agreements (CCAs), in accordance with applicable law.

d. Transportation Service Providers filing rates in response to this solicitation must comply with the VISA priorities listed below for the ocean portion of the overall movement. For the purpose of this item, to allow VISA participants the first opportunity to directly meet DOD requirements, the underlying ocean bill of lading must be issued by a VISA participant to qualify for priorities (1), (3), and (5).

(1) U.S.-flag vessel capacity operated by a participant and U.S.-Flag Vessel Sharing Agreement (VSA) capacity of a participant.

(2) U.S.-flag vessel capacity operated by a non-participant.

(3) Combination U.S./foreign flag vessel capacity operated by a participant and combination U.S./foreign flag VSA capacity of a participant.

(4) Combination U.S./foreign flag vessel capacity operated by a non-participant.

(5) U.S.-owned or operated foreign flag vessel capacity and VSA capacity of a participant.

(6) U.S.-owned or operated foreign flag vessel capacity and VSA capacity of a non-participant.

(7) Foreign-owned or operated foreign flag vessel capacity of a non-participant.

**CHAPTER II - REQUIREMENTS**

ITEM 200.

**RATE FILING PREREQUISITES**a. DOD Approval.

(1) Prior to participation in the interstate and/or intrastate programs, Transportation Service Providers must obtain DOD approval from SDDC. Transportation Service Providers desiring approval should e-mail the TSP Qualification & Performance Team (SDPP-PO) of the Deputy Chief of Staff for Passenger & Personal Property, at [ppqual@sddc.army.mil](mailto:ppqual@sddc.army.mil) for approval requirements and instructions.

(2) A Transportation Service Provider not filing rates for three (3) consecutive rate cycles may have its approval withdrawn, thereby precluding participation in future rate cycles. To obtain approval, the Transportation Service Provider whose approval is withdrawn must reapply in accordance with the paragraph above.

b. Letters of Intent (LOIs). Transportation Service Providers approved by SDDC must submit an LOI, containing the information prescribed in SDDC Pamphlet 55-4, to each PPSO where participation in the domestic personal property program is desired. **A valid LOI must be filed with and accepted by the PPSO before rates can be filed with SDDC.** In addition, Transportation Service Providers must comply with the requirements listed below:

(1) ***Interstate Program.*** A Transportation Service Provider must have a valid LOI on file at each PPSO where rates are filed on or before the I/F or L/C deadline date. The LOI deadline date coincides with the I/F or L/C deadline dates provided on the rate filing schedule. LOIs must reflect authority for all states where rates are filed.

(2) ***Intrastate Program.*** A “lapse in service” Transportation Service Provider must have an accepted LOI (supported by a clear explanation of points and places to be served) on file prior to rate submission. A “newly approved” Transportation Service Provider must submit an LOI to the PPSO where participation is desired prior to rate submission. Rates must be filed at least 60 days prior to the end of the filing cycle.

(3) ***Verification.*** An LOI verification may be performed on all rates filed in the I/F. It is the Transportation Service Provider’s responsibility to immediately contact the reporting PPSO if there is an LOI discrepancy or rates are rejected due to a report of an invalid LOI.

(4) The practice of filing rates without valid LOIs is viewed as a violation of its obligation to participate in domestic traffic. Transportation Service Providers found in violation may be placed in local nonuse under the provision of SDDCR 15-1. Further, repetitive occurrences could result in nationwide nonuse or disqualification under the same regulation.

ITEM 201.

**LEGAL REQUIREMENTS**

a. Operating Authority. In submitting individual rate records/tenders in response to this rate solicitation, the Transportation Service Provider represents to the Government that service shall be performed in accordance with the rules and regulations of this rate solicitation and the Tender of Service (DTR, Part IV, Appendix AZ, as amended or

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

superceded) filed with SDDC. The Transportation Service Provider also acknowledges possession of the required operating authority to transport household goods from, to, or between the places set forth in the Transportation Service Provider's individual rate records/tenders.

b. Certification. The Transportation Service Provider certifies that it is authorized to and does hereby offer to the DOD and USCG, hereafter referred to as "Government," the transportation services described in this rate solicitation. All property shipped subject to this rate solicitation and individual rate records/tenders must be shipped by or for the Government on BLs.

c. Certificate of Independent Pricing. By offering rates for services to the United States Government, the undersigned Transportation Service Provider official certifies the understanding and continued compliance with the previously executed Certification of Independent Pricing, which is incorporated hereto by reference. The executed Certification of Independent Pricing is on file in the Transportation Service Provider's qualification file as an attachment to the Transportation Service Provider's Tender of Service.

d. Termination. Individual rate records/tenders submitted in response to this rate solicitation may be cancelled in accordance with applicable rate schedule. Shipments that are offered and accepted by the Transportation Service Provider prior to the cancellation, and picked up after the effective date of the cancellation, will move under the Transportation Service Provider's cancelled rate as stated on BL. Cancellation may be accomplished upon shorter notice by mutual agreement of the parties concerned.

e. Cancellations. When a Transportation Service Provider has no effective rate on file due to cancellation, the Transportation Service provider is responsible for refusing shipments offered for a traffic channel. Acceptance and movement of a shipment by the Transportation Service Provider over such traffic channels under a PPGBL shall constitute an agreement by the Transportation Service Provider to perform the transportation services at the original rate filed by the Transportation Service Provider.

f. Rate Not Filed. When a Transportation Service Provider accepts a shipment over a traffic channel where the Transportation Service Provider did not file a rate, the Transportation Service Provider will move the shipment at the lowest prevailing rate for that channel. The Transportation Service Provider will file an OTO tender with SDDC to cover shipments moved under these conditions. The OTO tender format for filing a rate in such instances is provided in Appendix A at the end of this chapter.

g. Common Financial or Administrative Control. The Transportation Service Provider shall so indicate whether or not they are under the financial or administrative control of any other household goods Transportation Service Provider or forwarder. The Transportation Service Provider shall attach to their Tender of Service Signature Sheet, a list of household goods Transportation Service Provider(s) or forwarder(s) which are under their financial or administrative control.

h. Payment of Debt. Should SDDC be advised that a Transportation Service Provider filing rates under the terms of this solicitation has failed to comply with the terms of an arrangement entered into between the Transportation Service Provider and an agency of the Federal Government pursuant to the Federal Claims Collection Act of 1966 relating to transportation services, SDDC may place this Transportation Service Provider in nonuse or disqualification status until such time the Transportation Service Provider is in compliance with the arrangement.

i. Assignment of Bills. Except for assignment of payment of the Transportation Service Provider's original bills to a bank, factor, or other financial institution for collection, the Transportation Service Provider will not subjugate its rights and/or interest in the bills for service rates and charges on which such charges are based, or any subsequent claims thereon to third parties, unless the subrogation is revocable and under the Transportation Service Provider's control. The Transportation Service Provider shall always retain the right and authority either to claim or

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

not to claim or to cancel claims on services to the military services which their company furnished and/or billed for, and they do not now have, nor will they enter into, agreements with parties not subject to their control which in any way infringe, controvert, or otherwise subordinate or prevent the TSP from deciding unilaterally whether it will, or will not, submit a claim or file suits against the Government or pay a claim by the Government after the original bill for services performed under this tender has been submitted. Failure to comply with the above certification will make the TSP ineligible to participate in the DOD Personal Property Shipment and Storage Program, and the sole determination in this matter will rest with DOD through SDDC.

j. Payment. The Transportation Service Provider shall bill the Government in CWA, appropriately supported. Payments for transportation under this tender shall be governed by the Prompt Payment Act, 31 U.S.C. 3901. The U.S. Government shall pay the Transportation Service Provider applicable tender rates and charges due for transportation services rendered 30 days after receipt of the Transportation Service Provider's proper transportation bill (invoice) in accordance with such Act.

k. Claims for Additional Charges. Claims for additional transportation or additional accessorial charges over and above those originally assessed by the Transportation Service Provider and paid for by the Government shall be presented first to the disbursing office of the military service agency which paid the original bill. The claims shall contain a full explanation as to the reasons why they are being presented and state specifically the amount claimed. Disputes arising out of such undercharge claims or overcharge claims by the Government against the Transportation Service Provider, not otherwise settled to the satisfaction of either party, shall be made the subject of correspondence directly between the Transportation Service Provider and General Services Administration (GSA), or shall be the subject of a discussion between the parties stated above within 60 days after either party makes such a request. The failure of the parties to reach an agreement or eliminate the dispute under the procedure shall in no way preclude either party from subsequently exercising the legal and administrative remedies otherwise available, providing that no suit filed by the Transportation Service Provider shall be prosecuted to trial before exhaustion of the administrative remedies described above.

ITEM 202.

**ADMINISTRATIVE REQUIREMENTS**

a. Toll-Free Telephone Number (FOR SERVICE MEMBER USE ONLY). Transportation Service Provider agrees to provide a toll-free telephone number for customer inquiries and problem resolution during any phase of the move. The number shall be operational 24 hours a day, seven (7) days a week; however, as a minimum, it must be manned during normal business hours for the area in which the number is established. A type of recorder, beeper, answering service, Internet e-mail capability, or other electronic device may be used for hours other than specified. Knowledgeable personnel representing the Transportation Service Provider must acknowledge and respond to the customer's concerns within 24 hours from the customer's initial call if received Monday through Friday and by the close of the following workday for calls/inquiries received by the Transportation Service Provider on Saturdays, Sundays, or legal (officially declared national) holidays. The Transportation Service Provider is required to provide the toll-free number to the customer by the shipment pickup date. The Transportation Service Provider may furnish this information to the member directly or through their local agent. This provision is an independent requirement; however, any costs associated with this requirement shall be included as part of the Transportation Service Provider's proposed rates. As an independent requirement, this provision shall not be construed in any way to be inclusive of any other provision of this solicitation.

**CHAPTER III - TERMS, CONDITIONS, & RULES**

ITEM 300.

**PURPOSE**

This chapter contains information on the terms, conditions, and rules the Transportation Service Provider agrees to adhere to for participation in the domestic (interstate/intrastate) program. By the filing of rates/tenders, Transportation Service Provider verifies it will adhere to the terms, conditions, and rules contained in this rate solicitation.

ITEM 301.

**APPLICATION OF BREAK POINTS**

a. The line haul transportation charge for a shipment shall not exceed the charge that would apply by use of the next greater unit of weight at rate applicable in the next higher rate bracket.

b. The break point represents weights at which the minimum weight in the next higher weight column times the rate in that weight column, produces a lower charge than the actual weight of the shipment times the applicable rate in such rate section. To illustrate:

Shipment weighs 3,655 pounds, moving 510 miles. Under Chapter 4, Appendix 4A the rate would be 3,655 pounds times \$27.60 per CWT equals \$1,008.78.

NOTE 1: The actual weight (3,655) of this shipment exceeds the breakpoint weight (3,276) listed in Chapter 4, Appendix 4A. Breakpoint weight cost comparisons are only calculated when the actual weight of a shipment exceeds the breakpoint weight listed within the baseline rates.

Using the lowest weight in the next weight bracket 4,000 pounds times the rate in that bracket (\$22.60) equals \$904.00.

The correct charge for the 3,655 pound shipment is the lower of the two computations, namely \$904.00.

ITEM 302.

**GOVERNING MILEAGE GUIDE**

a. Where rates are based on mileage, the distance or mileage shall be that provided in the Defense Table of Official Distances (DTOD).

ITEM 303.

**DETERMINATION OF WEIGHTS**

a. General. Transportation Service Providers shall determine the weight of each shipment transported prior to the assessment of any charges depending on the shipment weight. Except as otherwise provided in this item, the weight shall be obtained on a scale meeting the definition of a certified scale as provided in 49 CFR 375.1(b)(4).

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14****b. Weighing Procedures:**

(1) Except as otherwise provided in this item, the weight of each shipment shall be obtained by determining the difference between the tare weight of the vehicle on which the shipment is to be loaded prior to the loading and the gross weight of the same vehicle after the shipment is loaded or, the gross weight of the vehicle with the shipment loaded and the tare weight of the same vehicle after the shipment is unloaded.

(2) At the time of both weights, the vehicle shall have installed or loaded all pads, dollies, hand trucks, ramps and other equipment required in the transportation of each shipment.

(3) Neither the driver nor any other persons shall be on the vehicle at the time of either weighing.

(4) The fuel tanks on the vehicle shall be full at the time of each weighing or, as an alternative, no fuel may be added between the two weighings when the tare weighing is the first weighing performed.

(5) The trailer of a tractor-trailer vehicle combination may be detached from the tractor and the trailer weighed separately at each weighing providing the length of the scale platform is adequate to accommodate and support the entire trailer at one time.

(6) Shipments weighing 1,000 pounds or less may be weighed on a certified platform or warehouse scale prior to loading for transportation or subsequent to unloading. For containerized shipments, containers may be weighed independently.

(7) The PPSO or member shall have the right to observe all weighings of the shipment upon request. The Transportation Service Provider must advise the PPSO of the time and specified location where each weighing shall be performed and must give a reasonable opportunity to be present to observe the weighings.

c. Government Scales. If authorized by the PPSO, Transportation Service Providers may use Government scales to determine the gross, tare, and net weight of shipments not originating on Government installations. When requested by the PPSO, Government scales shall be used to weigh or reweigh shipments originating or terminating at Government installations where such scales are available.

d. Weight Tickets. The Transportation Service Provider shall obtain a separate weight ticket for each weighing required under this item, except when both weighings are performed on the same scale, one weight ticket may be used to record both weighings. Every weight ticket must be signed by the person performing the weighing and must contain the following minimum information:

- (1) The complete name and location of the scale;
- (2) The date of each weighing;
- (3) Identification of the weight entries thereon as being the tare, gross and/or net weights;
- (4) The company or Transportation Service Provider identification, either name or SCAC;
- (5) The last name of the shipper, as shown on the BL;
- (6) The Transportation Service Provider's shipment registration number; and
- (7) The BL number.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

e. Retention of Weight Tickets. The original weight ticket or tickets relating to the determination of the weight of a shipment must be retained by the Transportation Service Provider as part of the file on the shipment. Normally under CWA billing procedures, a Transportation Service Provider shall not provide weight tickets unless specifically requested by finance center on a shipment by shipment basis.

f. Professional Books, Papers, and Equipment. When professional books, papers, and equipment (PBP&E) are included as part of the shipment, the weight of such articles shall be annotated separately on the BL; the weight may be obtained using bathroom or platform-type scales. In the event scales are not readily available, a constructive weight of 40 pounds per cubic foot may be used for PBP&E. When a constructive weight is used for PBP&E, the symbol (C) shall be inserted by the Transportation Service Provider/agent after the weight to indicate a constructive weight was used.

## ITEM 304.

**LIMITATION OF ACTION**

a. All claims and actions at law by the issuing Transportation Service Provider for recovery of its charges on shipments subject to the provisions of this rate solicitation will be filed within three years (not including any time of war) from the date of:

- (1) Final delivery of the property,
- (2) Payment of the transportation charges thereon,
- (3) Subsequent refund of excess charges, or
- (4) Deduction of such excess charges from Transportation Service Provider's account, whichever is later.

b. If the limitation of actions set forth in this item is breached by the Government by the filing of claim or action at law (other than by mistake or inadvertence) at a time other than stated in this item, this item will be of no force and effect and will be void *ab initio*.

## ITEM 305.

**RIGHT TO AUDIT BY DOD**

By filing rates in response to this solicitation, the Transportation Service Provider agrees that SDDC, or other appropriate Government agencies, shall have the audit and inspection rights for any purposes described as follows:

a. **Costs**: The right to examine Transportation Service Provider "Financial Records", documents, and other evidence (collectively "Financial Records") including accounting procedures and practices, sufficient to reflect all direct and indirect costs of whatever nature claimed to have been incurred and anticipated to be incurred for the performance of this service. These Financial Records will be provided by the TSP at no additional cost to the Government. Transportation rates submitted by TSPs will include cost associated with these audits and the submission of these Financial Records. Such right of examination shall include inspection at a reasonable time, at the Transportation Service Provider's place of business, or such parts thereof, as may be engaged in the performance of the solicitation.

b. **Cost Data Elements**: If the Transportation Service Provider submits cost or pricing data in connection with the prices offered in the solicitation or any change or modification thereto, SDDC, or its designated Government representatives, shall have the right to examine all financial records, documents, and other such Transportation

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

Service Provider data related to the pricing or performance of such service, change, or modification, for the purpose of evaluating the accuracy, completeness, and reasonableness of the costs or pricing data submitted. The right of examination shall extend to all documents necessary to permit adequate evaluation, along with the computations and/or projections used therein.

ITEM 306

**RIGHT TO AUDIT BY COMPTROLLER GENERAL**

The Comptroller General of the United States or its designated Government representatives may have access to and the right to directly examine pertinent books, papers, documents, and records (collectively "Financial Records") of the Transportation Service Provider involving transactions related to the solicitation for any lawful purpose until 3 years after final payment of any PPGBL under these rates. These Financial Records will be provided by the TSP at no additional cost to the Government. Transportation rates submitted by TSPs will include cost associated with these audits and the submission of these Financial Records. The periods of access and examination of records relating to litigation or settlement of claims rising from the performance of the Transportation Service Provider, or costs and expenses of these rates to which exception has been taken by the Comptroller General or its representatives, shall continue until such appeals, litigation, or claims have been settled.

ITEM 307

**LIABILITY LIMITS FOR LOSS OR DAMAGE**

a. Liability. The TSP is liable to the owner, or to the military service that contracted for the shipment, for loss or damage that occurs to the owner's personal property while it is in the custody of the TSP. Liability on all shipments, whether domestic or international, will be determined in accordance with the Carmack Amendment to the Interstate Commerce Act, (Title 49, United States Code, Section 14706) unless a specific provision herein establishes a different rule or procedure

b. When a claim is filed directly with the TSP within nine months of delivery, the TSP's maximum liability on all shipments will be the greater of:

(1) \$5,000 per shipment, or

(2) \$4.00 times either the net weight of the HHG shipment or the gross weight of the UB shipment, in pounds, not to exceed \$50,000.

c. On all other loss and damage claims asserted against the TSP, the TSP's maximum liability will be limited to \$1.25 times the net weight of the shipment, in pounds.

d. Payments by the TSP to an owner for inconvenience claims will not be deducted from the TSP's maximum liability for loss or damage, but are a separate liability.

e. Full Replacement Value (FRV) Liability. When the owner files a claim with the TSP within nine (9) months of delivery, the TSP is liable for the Full Replacement Value (FRV) of any lost or destroyed items subject to the limits of liability stated in Section 2.1 above.

(1) If an owner submits a claim to a MCO within nine (9) months of delivery but wants the claim to be forwarded to the TSP for settlement, the owner will be considered as having filed within 9 months of delivery.

(2) If the TSP receives a claim that has been forwarded by a MCO within nine months of delivery, the TSP will be liable for the full replacement value. If the TSP receives a claim from a MCO more than nine months after

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

delivery, but it is postmarked or electronically transmitted within nine months of the delivery date, then the TSP will treat the claim as if it had been filed directly with the TSP within nine months and the TSP will be liable for full replacement value protection. On these claims, the TSP liability is as follows:

(3) For items that are damaged but not destroyed, the TSP will, at its option, either repair the items to the extent necessary to restore them to their condition when received by the TSP, or pay the owner for the cost of such repairs.

(4) For most items that are destroyed (i.e., the repair cost exceeds replacement cost) or lost, the TSP will, at its option, either replace the lost or destroyed item with a new item, or pay the undepreciated replacement cost of a new item. New items should, to the greatest extent possible, be from the same manufacturer and should be the same make and model as the item that was lost or destroyed. If the TSP cannot find a new item that is the same as the item that was lost or destroyed, it may replace the item with one of comparable qualities and features. However, for lost or destroyed items that are parts of sets, such as a silver service, crystal glasses, or china, the TSP may replace the lost item with a like item that matches the rest of the set. Likewise, some items, such as collectable figures (e.g., Hummel and Lladro), collectable plates, collectable dolls, baseball cards, antiques, comic books, coin and stamp collections, and objects of art, cannot be properly replaced with new items because their value is based, in part, on the fact that they are no longer made and are no longer available for purchase as new items. For this type of item, the TSP may replace the lost or destroyed item with the same or comparable item or pay the replacement cost of the item.

(5) When FRV applies to a shipment that includes one or more motor vehicles (automobiles, vans, pickup trucks, motorcycles or sport utility vehicles), the TSP's maximum liability for the vehicles shall be the value stated in the current issue of the N.A.D.A.'s Official Used Car Guide (the "Guide") for such vehicle(s), adjusted for mileage and other factors considered in the guide. However, if either the owner or the TSP has obtained an appraisal of the vehicle from a qualified appraiser, settlement will be based on the appraised value rather than the book value.

(6) For boats, personal watercraft, ultra light aircraft, pianos, organs, firearms, objects of art, all-terrain vehicles, and snowmobiles, the TSP may replace the item with a comparable used item or pay the fair market value replacement cost, because these are large, expensive items that are not part of the typical shipment and have an active, widespread secondary market.

(7) The owner may reject a payment or item offered by the TSP to settle a claim. If an owner files a claim with the delivering TSP within nine (9) months of delivery, but fails to settle the claim directly with the TSP, the owner may transfer their claim to a MCO subject to the limitation under Claims Filing Procedures, Paragraph 1.a. In those cases where transfers have occurred, the TSP shall not have the option to repair or replace items in kind, but must pay to the MCO the repair cost or undepreciated replacement cost of a new item, whichever is less. If the TSP can show that they offered the owner a replacement item of comparable or better quality than the item lost, the TSP's liability for that item will be limited to their replacement cost at the time offered (including any tax or drayage) or the amount demanded, whichever is less.

(8) Replacement cost is based on the replacement cost at destination. It includes any shipping charges and sales tax. However, the TSP is not required to pay shipping charges and/or sales tax in excess of \$10 on a claim until it receives proof that the charges and taxes were actually paid.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**f. Actual Value (Depreciated) Liability

(1) If the owner files a claim directly with the TSP more than nine months after delivery, the TSP is liable for the depreciated value of the items only up to a maximum of \$1.25 times either the net weight of the HHG shipment or the gross weight of the UB shipment. Liability will be as follows:

(a) For items that are damaged but not destroyed, the TSP will, at its option, either repair the items to the extent necessary to restore them to their condition when received by the TSP, or pay the owner for the cost of such repairs, up to the depreciated value of the items.

(b) For items that are destroyed (i.e., the repair cost exceeds depreciated value) or lost, the TSP will pay the depreciated replacement cost for the item. However, if the owner is willing to accept a replacement item instead of cash payment, the TSP may settle all or part of a claim by delivering a replacement item(s) of like kind, quality and condition to the owner.

(2) If the owner files a claim directly with a MCO, and does not file directly with the TSP for settlement, the MCO will adjudicate the claim pursuant to statutory and regulatory guidance. The MCO may then assert a recovery claim against the destination TSP. The TSP, on this type of a recovery claim, will be liable to the MCO for the depreciated replacement or repair cost, whichever is less. If the owner files a claim directly with a MCO, the TSP will not be liable for more than the depreciated replacement cost, not to exceed \$1.25 times the net weight of the HHG shipment or the gross weight of the UB shipment, in pounds.

(3) In settling claims for the depreciated replacement cost of an item, the MCO and TSP will use the Joint Military-Industry Depreciation Guide, for those items that are listed on the guide. The MCO and TSP will use the current replacement cost of the item as a base to apply the depreciation factor to arrive at the current actual value of the item. If an item cannot be replaced, or no suitable replacement is obtainable, the proper measure of damages for items that depreciate shall be the original cost, adjusted upward to reflect the increase in the consumer price index (CPI) since the date of purchase, and then adjusted downward to reflect the depreciation rate in the Joint Military – Industry Depreciation Guide found at the following web site:

[https://www.jagcnet.army.mil/JAGCNETIntranet/Databases/Claims/USARCS.nsf/\(JAGCNetDocID\)/82E95D4B1F719EF985257067004E4515/\\$FILE/JMIDG.pdf#search=%22Joint%20Military-%20Industry%20depreciation%20guide%22](https://www.jagcnet.army.mil/JAGCNETIntranet/Databases/Claims/USARCS.nsf/(JAGCNetDocID)/82E95D4B1F719EF985257067004E4515/$FILE/JMIDG.pdf#search=%22Joint%20Military-%20Industry%20depreciation%20guide%22)

(4) Replacement cost is based on the replacement cost at destination. It includes any shipping charges and sales tax. However, the TSP is not required to pay shipping charges and/or sales tax in excess of \$10 on a claim until it receives proof that the charges and taxes were actually paid.

g. Exclusions from Liability

(1) The TSP shall be liable for physical loss or damage to any article that occurs while being transported or stored EXCEPT loss or damage caused by or resulting from the following:

(a) From an act or omission of the owner;

(b) From defect or inherent vice of the article;

(c) From hostile or warlike action in time of peace or war including action in hindering, combating or defending against an actual, impending or expected attack; from any weapon of war employing atomic fission or

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

radioactive force whether in peace or war; or from insurrection, rebellion, revolution, civil war, usurped power or action taken by governmental authority in hindering, combating or defending against such occurrence;

(d) From seizure or destruction under quarantine or customs regulations; confiscation by order of any government or public authority, or risks of contraband or illegal transportation or trade;

(e) From delay caused by strikes, lockouts, labor disturbances, riots, civil commotions, or the acts of any person or persons taking part in any such occurrence or disorder;

(f) From Acts of God (also known as Acts of Nature);

(g) From pre-existing infestations by mollusks, arachnids, crustaceans, parasites or other types of pests; and for fumigation or decontamination when not the fault of the TSP;

(h) From loss or damage that occurs prior to release to the TSP while the goods are in the possession of another TSP under an unrelated shipment of the goods. When a shipment is released from storage under another TSP's control, the new TSP shall not be liable for an item claimed as missing which should have been listed as a separate item on the inventory, but which was not listed on the inventory that was prepared by the original TSP. However, the origin TSP will be liable for items packed in cartons, if the carton is listed on the inventory, unless the TSP can produce evidence (i.e. exception sheet/rider, etc.) to shift liability back to a prior handler.

(i) The TSP shall not be liable for intangible property, securities, nor for the sentimental value of an item.

(j) The TSP shall not be liable for pre-existing damage.

The exclusions listed above will not apply if the TSP's own negligence significantly contributed to the loss. However, if the TSP, after giving written notice to the appropriate government transportation office, or electronic or written notice to the owner, of a potential risk of loss or damage to the shipment from the above causes, is instructed by the government or the owner to proceed with such transportation and/or delivery, notwithstanding such risk, the TSP shall not be liable for the loss attributed to the risk.

h. Duty to Mitigate Loss. If a loss or damage occurs to a shipment from one of the excluded causes listed in Exclusions from Liability, the TSP may still be liable for additional damage that results from its failure to take reasonable steps to mitigate the extent of the loss. For example, if a shipment is damaged by water from a flood or hurricane, the TSP, as soon as practical, should attempt to clean and dry the items, rather than allow further damage (e.g., rust, warping, or mildew), to develop from prolonged exposure to dampness. In some cases, the responsible transportation office may direct the TSP to undertake specific mitigation work, or may authorize payment for mitigation work, subject to later determination of whether the government or the TSP will be liable for the cost. The cost of any such mitigation efforts that are not paid for by the government will be deducted from the TSP's maximum liability for loss or damage under Liability.

i. High Value Items and High Risk Inventories

(1) High value items are limited to currency, coins, jewelry, silverware and silver service sets, crystal, figurines, furs, objects of art, computer software programs, manuscripts, comic books, baseball cards, stamps, and other collectable items or rare documents that have a value in excess of \$100 per pound. For purposes of determining the TSP's liability, all such items shall be deemed to weigh at least one pound. A collection of compact disks (CDs) and digital video disks (DVDs) will not be considered high value items. However, individual CDs or DVDs with a value in excess of \$50 will be considered a high value item.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(2) The TSP's liability for high value items shall be limited to \$100 per pound of the article, if the owner fails to inform the TSP that such items are included in the shipment after the TSP asks the owner, in writing, to list any such items in the above categories that will be included in the shipment. In order to account for such items, and in order to facilitate special handling of such items, the TSP may use a separate high-risk inventory. Items such as CD's, video tapes and DVDs, that do not qualify as high value items for purposes of this provision limiting liability may be included on a high risk inventory.

(3) A high risk/high value inventory form, even if it is signed by the owner upon delivery and fails to note any shortage at delivery, will normally be treated like any other inventory for purposes of determining whether there was any loss or damage in transit. The Notice of Loss or Damage form (DD Form 1840R), that gives the TSP notice of later discovered loss or damage would overcome the presumption of correct delivery, even of high value items listed on a special inventory, unless the following conditions are met:

(a) If the high risk/high value inventory form has a block to denote delivery, the owner must initial each block for each item. A check mark, or an "x", is not sufficient.

(b) The high risk/high value inventory form must contain a warning, in bold type larger than any other type on the form, that if the owner notes on this inventory that an item was delivered, he or she may never claim that the item was missing with either the TSP or with a MCO.

(c) The destination TSP must attest in writing that, just prior to departure from the residence, the TSP and the owner opened all containers in which the high risk/high value items were packed; that they removed the items from the containers; that they physically inspected each item; and that the TSP advised the owner of the consequences of signing the high risk/high value inventory form.

j. Time Limitations on Liability for Loss and Damage Claims

(1) The TSP will not be liable for loss or damage unless the owner files a timely claim directly with the TSP or with a MCO under the Military Personnel and Civilian Employees Claims Act (MPCECA) within two years of the delivery of the shipment that included the loss or damaged items. For purposes of timely filing with the TSP/contractor or a MCO, timeliness will be determined by the MCO based on the statute, case law, and the service's claims regulations and instructions.

(2) When the owner files a claim with the TSP within nine (9) months of delivery, the TSP is liable for the Full Replacement Value (FRV) of any loss or damage items subject to the maximum liability listed in section 2.1..

(3) For the purpose of the two-year limit for filing directly with the TSP, if a claim for loss or damage accrues during war or an armed conflict in which an armed force of the United States is involved, or has accrued within two years before war or an armed conflict begins, and there is good cause for delay in filing due to that armed conflict or war, then the claim must be presented within a reasonable time after the cause no longer exists, or after the war or armed conflict ends, whichever is earlier. An armed conflict begins and ends as stated in concurrent resolution of Congress or a decision of the President. Any extension granted by this provision will be at least as long as the duration of the good cause and may be longer, at the discretion of the TSP.

(4) If the owner files a claim with a MCO, the TSP will not be liable to the government on a recovery claim if the government does not dispatch a written demand on the TSP within four years of delivery. This four-year period will be extended by any period granted under Time Limitations on TSP s Liability for Loss and Damage Claims. If the government does dispatch a written demand on the TSP within four years of delivery, the government will have the normal six years specified in Title 28, United States Code, Section 2415, to resolve the claim or file suit.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(5) If an owner files a claim directly with the TSP and then receives written notice from the TSP that all or part of the claim has been denied, then the owner may transfer the claim to the appropriate MCO, provided such a claim can still be timely filed under the MPCECA. If a recovery claim is not filed by a MCO against the TSP within four years of delivery, including any extended period in Time Limitations on TSP's Liability for Loss and Damage Claims, or Member's suit is not instituted within two years of receipt of the written notice, then the TSP shall not be liable for any part of the claim that was denied in the notice.

(6) In summary, the specific timeline and steps for filing a claim are as follows:

(a.) At delivery: Owner and TSP/ contractor will review then sign the DD1840 if there is any Loss or Damage evident at the time of delivery.

(b.) Within 75 days of Delivery: Owner must submit the Notice of Loss and Damage - DD1840R to the TSP/contractor.

(c.) Within 9 months of delivery: Owner must file complete claim information to the TSP/contractor for settlement to be eligible for Full Replacement Value.

(d.) If a claim is not completely settled after 30 days, claimants may transfer the claim to the appropriate MCO. However, claimants may transfer a claim immediately, and still be eligible for FRV, under the conditions in Item 308, paragraph a.

(e.) Within 2 years of delivery: Owner has the right to file their claim up to 2 years from delivery. If the claim is filed after 9 months from delivery but before 2 years from delivery, the owner is only entitled to depreciated value of the items as per these business rules.

## ITEM 308

**CLAIMS PROCESS FOR ALL SHIPMENTS**

a. Claims Filing. Owners whose property is lost or damaged in transit and wish to file against the TSP must file their claims within two years of delivery of the shipment that gave rise to the claim. If the claimant submits the claim within nine (9) months of delivery, the TSP will be liable for the full, undepreciated replacement value (FRV) on all lost or destroyed items. If a claim is not completely settled after 30 days, claimants may transfer the claim to the appropriate Service Military Claims Office (MCO). However, claimants may transfer a claim immediately, and still be eligible for FRV, upon:

- (1) Notice that the TSP has made a final offer on the claim or denied it in full.
- (2) Notification by SDDC that the TSP is in bankruptcy.
- (3) Notification that the TSP's DOD approval has been revoked, or contract terminated.
- (4) The TSP's failure to comply with the catastrophic loss provisions and as verified by the MCO.
- (5) The TSP's failure to comply with essential items provisions in and as verified by the MCO.

b. For the purpose of filing with the TSP within two (2) years, if a claim for loss or damage accrues during war or an armed conflict in which an armed force of the United States is involved, or has accrued within two years before war or an armed conflict begins, and there is good cause for delay in filing due to that armed conflict or war, then the

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

claim must be presented within a reasonable time frame after the cause no longer exists, or after the war or armed conflict ends, whichever is earlier. An armed conflict begins and ends as stated in concurrent resolution of Congress or a decision of the President. This same exception will apply to the nine (9) month filing period required to trigger the TSP liability for FRV. Any extension granted by this provision will be at least as long as the duration of the good cause and may be longer, at the discretion of the TSP. If the TSP anticipates the denial of an extension, they may contact the appropriate Service Military Claims HQ for an advisory opinion.

c. When an owner transfers a claim to the MCO, the MCO may contact the TSP using the toll-free number or email address given the claimant, to determine if the TSP has already obtained any estimates. If the TSP has obtained estimates, the TSP will transmit them within 24 hours, or the next business day if notification occurs on a Friday or Saturday or the day before a holiday, by fax or electronic mail to the MCO. If the TSP has not already obtained estimates, the MCO may give the TSP until the next business day to decide if it will inspect and obtain estimates on those items requiring estimates, and make arrangements with the owner and repair firms for the estimates. If the TSP decides to inspect and obtain estimates, it will have until the second business day after it is contacted to obtain them unless the owner agrees to give it more time. If the TSP is unable to obtain estimates within two business days of being contacted and the owner does not agree to give it more time to do so, then the MCO will proceed to adjudicate and settle the claim.

d. The MCO may assert a demand against the TSP for TSP's liability as established under, Section 2 Liability of this document. The TSP will not be liable on such a recovery claim for payment on any items on which the TSP has already paid the owner, if the correspondence between the TSP and the owner lists the item as one on which payment is being made and clearly indicates that the prior payment was in full and final satisfaction of either the entire claim, or was in full and final satisfaction of the claim for the particular item.

e. For purposes of qualifying for FRV and for meeting the two-year limit for filing claims directly with the TSP, a claim submitted directly by the owner to the TSP must be submitted within the relevant time period (nine months to be eligible for FRV or two years for depreciated value). The claim must identify the claimant; contain facts sufficient to identify the shipment or shipments involved; must assert a demand for a specific or determinable amount of money; and, must specify the extent of the loss and damage.

f. If goods have been in the custody of one or more TSPs or a warehouse that are not agents of the delivering TSP ( e.g. Code 3 shipments, delivery out of NTS by other than the warehouse, or DPM shipments), then the nine month limit for obtaining FRV and the two year limit for filing the claim are met for all TSPs and warehouses in the chain of custody, if the claim is filed with the delivering TSP within the nine month or two year time limit. If the delivering TSP believes that some of the loss or damage occurred while the goods were in the custody of a prior TSP or warehouse, then the delivering TSP must forward the claim to the prior TSP with the documents or other evidence that establish the prior TSP or warehouses liability. The delivering TSP must also advise the claimant of the date the claim was forwarded, the items for which the delivery TSP is denying liability, and the address of the prior TSP or warehouse to which the claim was forwarded. Filing with the delivery TSP will also satisfy any requirement for all TSPs and warehouses in the chain of custody that a claim must be filed directly with a TSP to entitle the claimant to settlement on the basis of FRV.

g. Exceptions to Filing Claims Directly with the TSP

Filing with the delivery TSP will satisfy the requirement for all TSPs and warehouses in the chain of custody that a claim must be filed directly with a TSP to entitle the claimant to settlement on the basis of FRV. Exceptions to the requirement that the owner file directly with the TSP will be granted on a case-by-case basis, in writing, by the MCO. Exceptions to the requirement that the owner file directly with the TSP will be granted on a case-by-case basis, in writing, by the MCO. Some examples of exceptions are:

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(1) No access to a telephone or fax machine.

(2) Claims for deceased owners (Bluebark) involving surviving family customers not familiar with the claims process.

(3) Language barriers in the claims filing process.

h. Substantiation of Claims

(1) In addition to the minimum requirements needed to meet any timely filing requirements, claims must include additional information in order for the TSP to begin the settlement process. On all claims, this additional information will include any notices of concealed damages or loss that were found after the day of delivery, and not previously provided to TSP under (see Paragraph 1.4 below); sufficient information about the shipment to enable the TSP to locate its copy of the bill of lading, inventory; a description of each item that is lost; and a list of each item that is damaged stating the nature, location and extent of the damage. The description of items lost or damaged must also list the date of purchase of each item, the age of each item, if known, or, for items that were not purchased (e.g., gifts or bequests), the date the owner acquired the item, along with an estimate of the original purchase price or value at time of purchase/acquisition.

(2) For claims filed directly with the TSP within nine months of delivery, the TSP is responsible for obtaining any repair estimates or replacement cost estimates that it may need to settle the claim. The TSP may request the assistance of the closest MCO to obtain the name of reputable repair firms. If the TSP is still unable to obtain a repair or replacement estimate on an item, the TSP may ask the owner to obtain the estimates, provided that the TSP agrees to pay all estimate fees and drayage costs that are incurred, even if the final settlement does not include payment for that item. If the owner is unable or unwilling to get the estimate(s), the TSP must adjudicate the claim without them based on the other evidence in the file. The owner must cooperate with any reasonable request from the TSP in making items available for repair or for repair estimates. If the owner does not cooperate, the TSP should seek assistance from the closest MCO of that owner's military service. If the owner still does not cooperate, the TSP may delay settlement on those items that need estimates until the owner makes the items available or deny payment on those items.

(3) For claims that are not filed within nine months of delivery, the owner must provide the TSP with repair and replacement estimates on any item(s) for which the amount claimed exceeds \$100. (See Paragraph 1.6, Repair Estimates, for rules on use of TSP estimates on claims filed with the military.)

i. Internal Damage Rule. If the claim includes repair of internal damage to appliances or electronic items, and there is no new external damage to the item, the claim must be supported by additional substantiation regardless of the amount claimed. For these items, the claimant must submit both a written statement explaining how they know the item was working when tendered to the TSP, along with an estimate of repair that includes both an explanation of the damage and a statement by the repair technician as to their opinion of the cause of the damage. For claims filed directly with the TSP, the same information will be required to establish that the loss or damage occurred in transit. However, on those claims that are filed directly with the TSP within 9 months of delivery, the TSP will attempt to obtain the repair estimate, including the repair technician's opinion as to the source of damage, and will have the right to request assistance from the owner under the rules stated above in Paragraph 1.3 b.

j. Notice of Loss and Damage

(1) Recording Loss or Damage. When unloading or unpacking articles at destination, the TSP will, in coordination with the owner, check the inventory prepared at origin and inspect each article for loss or damage. The TSP will, along with the owner record loss and damage on a DD Form 1840, Joint Statement of Loss or Damage at

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

Delivery. The DD Form 1840 will indicate any differences in count and condition from that shown on the inventory prepared at origin and will be jointly signed by the TSP and the owner. For split shipments or partial deliveries, a DD Form 1840 will be completed whenever property is delivered to owner.

(2) The DD Form 1840 will be prepared in five copies by the TSP. The TSP will obtain a receipt by owner signature in the space provided on the form and provide the owner three copies of the DD Form 1840/1840R, Notice of Loss or Damage. The TSP will furnish the origin PPSO a completed copy of the form within 75 days after delivery. One copy of the form will be held in the TSP's files for further reference.

(3) Upon delivery of the HHG or UB, it is the joint responsibility of the TSP and the owner to record on the Joint Statement of Loss or Damage at Delivery (DD Form 1840) all loss and transit damage that is found at delivery. Later discovered loss or transit damage shall be listed on the Notice of Loss or Damage after Delivery DD Form 1840R. The TSP shall accept this form (DD Form 1840R), as overcoming the presumption of correctness of the delivery receipt, if it is transmitted or postmarked within 75 calendar days of delivery. Notice shall not be required if a claim is filed with the TSP within 75 days of delivery. Neither the DD Form 1840 nor DD Form 1840R is conclusive; both can be rebutted by other evidence.

(4) If notice of loss or damage of HHG or UB is postmarked or transmitted to the TSP more than 75 calendar days after delivery, the loss or damage on that notice will be presumed not to have occurred while the goods were in the possession of the TSP unless there is good cause for the delay, as determined by the appropriate MCO. Good cause may include, but is not limited to, officially recognized absence or hospitalization of the owner during all or a portion of the period of 75 calendar days from the date of delivery. In case of recognized official absence, the appropriate Service MCO will provide the TSP with the proof of the officially recognized absence and the additional days granted shall not exceed the period of official absence.

(5) The TSP failure to provide the DD Form 1840/1840R to the owner and to have proof thereof will eliminate any requirement for notification to the TSP. Notice using the DD Form 1840/1840R is not required by the TSP in the case of major incidents requiring the TSP to notify the Military Surface Deployment and Distribution Command and appropriate PPSO of the incident. Such incidents include fire, pilferage, vandalism, and similar incidents that produce significant loss, damage, or delay.

(6) The inventory prepared at origin and delivery receipt is valid evidence that either the MCO or the TSP shall consider along with timely notification in determining whether or not a claimant has sustained loss and/or damage in the shipment. The service member will use the DD Form 1844 (List of Property and Claims Analysis Chart) when submitting a claim to the TSP or MCO. The DD Form 1844 can be found at DOD Forms Management Programs at this website: <http://www.dtic.mil/whs/directives/infomgt/forms/formsprogram.htm> or a copy can be obtained at your MCO.

k. Inspection by the TSP

(1) The TSP may inspect the damaged items at any time prior to settlement of the claim, but may not deny a claim solely on the basis that it was unable to inspect any item. If the owner has repaired an item before the TSP inspection, the owner must provide the repair bill or some other evidence of the damage and repair cost to the TSP. If the owner has disposed of a damaged item, he or she must give the TSP evidence that the item was damaged beyond economical repair.

(2) If, before a claim is filed, an owner calls the TSP and asks it to inspect, or give permission to dispose of items, the TSP will, within two business days of being contacted, notify the owner that either the items will be inspected or that the owner may dispose of the items. In such cases, if the TSP gives notice to inspect the items, TSP will do so within 45 calendar days of being contacted by the owner unless the owner grants a further extension.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(3) If the owner refuses to permit the TSP to inspect, the TSP shall contact the appropriate Service MCO and request assistance in arranging an inspection of the goods. If the owner causes a delay by refusing inspection, the TSP shall be provided with an equal number of days to perform the inspection/estimate (45 calendar days plus delay days caused by owner).

l. Repair Estimates

(1) Responsible Party: The TSP will be responsible for paying for repair estimates it requires to process any and all claims that are filed with the TSP by the owner. The MCO will be responsible for paying for all repair estimates it requires to process and substantiate any and all claims that are filed with the MCO by the owner. The TSP is responsible for paying all estimates and associated fees presented by an MCO as a result of claims that were transferred to the MCO by the owner pursuant to Claims Filing in Paragraph 1.1a, unless:

(a) The TSP previously provided a reasonable estimate, or

(b) The TSP previously offered to pay the owner a value that matches or exceeds the repair cost for all items on the estimate, or

(c) The item damaged is repairable and the TSP offered to repair it at no cost to the member, or

(d) The TSP previously offered to pay the replacement cost or to replace it in kind.

(2) All estimates provided by the TSP must identify a repair firm that is willing and able to make the repair within a reasonable time, for the amount stated. The repair firm must be reputable, having a reputation for timely and satisfactory performance. All such estimates must be itemized.

(3) If an MCO receives an itemized repair estimate from the TSP before a claim is settled, then the MCO will use that estimate provided that it is the lowest overall, and meets the criteria in paragraph b, above. If the TSP estimate is the lowest overall estimate and is not used, the MCO will advise the TSP in writing of the reason the lowest overall estimate was not used in determining the TSP's liability.

(4) If the TSP sends the appropriate MCO a lower repair estimate after the recovery demand on the TSP it will be considered in the TSP recovery rebuttal or appeal process if lower than the estimate used by the MCO and if it establishes that the estimate submitted by the owner was unreasonable in comparison with the market price in the area or that the price was unreasonable in relation to the value of the goods prior to being damaged.

(5) If a TSP has made an inspection/estimate based upon the DD Form 1840R and the owner subsequently updates the notice, the TSP is authorized to make an additional inspection/estimate. The TSP will contact the MCO to determine if it will authorize a deduction of \$75.00 or actual inspection cost, if less, from the TSP's liability for performing the second inspection/estimate.

(6) The TSP is required to ensure that qualified repair firms and subcontractors perform the repairs and they must provide the name of the repair firm that will be doing the work, if requested by either the MCO or the owner.

m. Settlement of Loss and Damage Claims

(1) On loss and damage claims, the TSP shall pay, deny, or make an offer within 60 days of receipt of a complete, substantiated claim.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(2) The TSP will complete payment to the claimant within 30 days of receipt of notice that the claimant has accepted a full or partial settlement.

(3) In those cases where more than one independent TSP or warehouse may be responsible for the loss, the TSP or warehouse that receives a claim from the delivery TSP, the 60 day period for payment, denial or a final written offer will begin on receipt of the claim from the delivery TSP, not on the date that the delivery TSP originally received the claim.

n. Partial Settlements. If the owner cannot reach a mutually acceptable settlement directly with the TSP on part of his or her claim, the owner can accept payment from the TSP on those items on which the owner and TSP have reached agreement. If the owner elects to accept partial settlement, the TSP may pay the owner on the items on which they have reached an agreement. The owner may transfer any unsettled portions of their claim to a MCO. The MCO may assert a recovery demand on the TSP. The TSP will not be liable on such a recovery claim for payment on any items on which the TSP has already paid the owner, if the correspondence between the TSP and the owner lists the item as one on which payment is being made and clearly indicates that the prior payment was in full and final satisfaction of either the entire claim, or was in full and final satisfaction of the claim for the particular item.

o. Quick Claim Settlement. The TSP may establish a quick claim settlement procedure to quickly resolve and pay claims for minor loss or damage discovered at the time of delivery. Such procedures should cover payment for less than \$500 with payment made within 5 days of delivery. The process of settling and paying such claims will be left to the discretion of each TSP. However, any small claim settlement agreement can contain only a limited release of liability and must specifically list the items and the damage for which payment is being made. Owners must be advised that they may still file claims for later discovered loss or damage. A copy of the settlement agreement must be made available to the appropriate MCO, on request. However, if the owner receives a "quick" claim settlement and then files an additional claim, the owner must indicate that he or she received a quick claim settlement and he or she may not file an additional claim for any items that he settled through the quick claim process.

p. Salvage:

(1) To the extent not prohibited by law or agreement, the TSP is entitled to take possession of and sell for salvage any damaged item on which it has paid either the depreciated or undepreciated replacement cost, or replaced the damaged item with a new item.

(2) If the TSP pays a claimant the depreciated or undepreciated replacement cost of a lost item, and the lost item is subsequently located, the TSP must notify the Contracting Officer and Transportation Officer (TO) and the owner for instructions. The owner may then decide either to request or decline delivery of the item(s). If the owner elects to receive a found item, the owner must refund any amount paid on that item. If the owner declines delivery of the item, the TSP may retain the item(s) for salvage.

(3) If the TSP locates an item within 60 days of receipt of notice of the loss, and a claim on that item has not yet been paid, then the claimant will be obligated to accept delivery of the item in lieu of a claim, even if the owner has already replaced the item. In addition, if the TSP locates a lost item more than 60 days after receipt of notice of the loss, but the item has not been replaced, and a claim on the item has not been paid, then the claimant will be obligated to accept delivery of the item in lieu of a claim. If a lost item is later delivered with damage, the time limits for qualifying for FRV protection and for filing claims on that item will not commence until the delivery of that item. Notwithstanding the above, any essential item(s), as described in Essential Items, Paragraph 1.14, that a reasonable person would and has replaced promptly may be declined by the owner before the 60 day period has run. This provision applies only when:

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(a) The item has been missing for at least seven (7) days from the date of delivery and the TSP has been notified pursuant to Essential Items, Paragraph 1.14.

(b) The item is necessary for daily life, such that it must be replaced within 2 business days of notice to TSP.

(c) The item has in fact been replaced.

(4) The TSP must take possession of salvage items, at the owner's residence, or other location acceptable to the owner, not later than 30 days after receipt of a complete claim from either the owner or the MCO. However, in no case will the 30-day period for the TSP to take possession end until after the period allowed for the TSP's inspections (see Inspection by the TSP, Paragraph 1.5). The 30-day pickup period can be extended by an agreement between the TSP, and the owner. If the owner refuses to cooperate with the TSP in the exercise of salvage rights, the TSP should contact the appropriate Service MCO closest to the owner and request assistance. At any time the owner may ask the TSP whether it may dispose of an item and get an answer within 2 days under, Paragraph 1.5b.

(5) The TSP will not exercise its salvage rights if the depreciated replacement value of all salvageable items totals less than \$100.00, or, in the case of a single salvageable item, the item has a value of less than \$50. If a shipment has more than one salvageable item, one of which has a value of \$50.00 or more, yet the total of all salvageable items is \$100.00 or less, then the TSP may exercise its salvage rights.

(6) The TSP will not exercise its salvage rights on any item that is hazardous or dangerous to the health or safety of the owner or the owner's family. Such items include, but are not limited to, broken mirrors or glass, spoiled food, moldy mattresses or other fabric items. However, the owner for potential salvage will retain antiques, figurines, and crystal with a single item value of \$50 or more.

(7) If the TSP is unable to exercise its salvage rights due to the disposal of an item(s) by the owner, the TSP may reduce its liability by 25% on any item that has a depreciated replacement value of \$50.00 or more. The TSP is entitled to no deduction for salvage on a single item with a depreciated replacement value of less than \$50.00; unless the total combined depreciated replacement value of all items that have been disposed of is \$100.00 or more.

q. Claims for \$25 or Less. In an effort to reduce administrative costs, the Military Services agree that they will not pursue a claim against a TSP for loss or damage to household goods that were transported under this document, if the amount of the claim is for \$25 or less. The TSP agreed that they will not request reimbursement for such claims from the Military Services for an amount of \$25 or less. However, this provision does not apply to claims submitted directly to the TSP by an owner.

r. Dispute Resolution

(1) If an owner does not accept a settlement offered by the TSP, the owner may transfer a claim as specified in Claims Filing, Paragraph 1.1a to the appropriate MCO. If the owner transfers a claim to the military, the MCO will resolve the owner's claim in accordance with its Service's claims regulations. The MCO will then assert a recovery claim against the TSP. The TSP must pay, deny or make an offer on the recovery claim within 60 days of receipt of the claim, unless an extension is granted.

(2) If the TSP and the MCO cannot reach a mutual settlement on the recovery claim, the military service may collect the amount of its recovery claim by administrative offset from money that is owed to the TSP for transportation services, or from any other payment due the TSP directly from the government. If payments to the TSP are made by a third party payment system, the TSP agrees that the appropriate MCO may direct the party

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

paying the TSP to divert all or part of any payment to the appropriate military finance center in order to accomplish offset to pay a government claim from a prior shipment.

(3) If the TSP, following such an offset, continues to dispute the amount of its liability, then it may file an administrative appeal under the provisions of Title 31, United States Code, Section 3702, to the Defense Office of Hearing and Appeals (DOHA) or it may file suit in the appropriate federal court.

(4) In some cases more than one independent TSP or warehouse may have had custody of the goods, the claim will be filed with the delivery TSP and the delivery TSP who first receives the claim may forward it to a prior TSP or warehouse in the chain of custody. In those cases, if the prior TSP or warehouse disputes the liability and alleges the delivery TSP was liable, the claimant does not have to continue to deal with the TSPs but may transfer the claim to the appropriate MCO for resolution of the claim without giving prior notice to the delivery TSP.

s. Catastrophic Loss Payments

(1) The TSP is responsible for identifying and making partial, advance payments to owners who have suffered a catastrophic loss. These payments are designed to relieve an owner's hardship associated with the loss of all or a majority of their HHG or UB. The payments are an advance and should not exceed the owner's expected total liability. Claimant will still be required to file a claim for their loss. Any advance payment made will be deducted from the owner's eventual award. Such payments are subject to the same maximum liability and rules as all payments.

(2) Catastrophic loss occurs when over 60% of the inventory line items in a given shipment are lost, damaged or destroyed. However, TSPs are free to declare any loss catastrophic and make a partial payment. If the TSP cannot contact the owner within 48 hours, they will make payment or come to an agreement on payment within 48 hours of making contact. Catastrophic losses and payments must be recorded with the destination transportation office, Contracting Office and MCO. The declaration of a loss as catastrophic and the making of a partial payment is not an admission of liability regarding any particular piece of property.

(3) TSPs and contractors are expected to make advance payments as soon as possible after a catastrophic loss occurs. Payments must be made within 48 hours of discovery or being notified of a catastrophic loss, unless the owner and TSP otherwise come to an agreement. TSPs are free to make an advance payment in any amount they believe will not exceed their total expected liability to the owner. However, TSP is required to pay no less than 5% of their total maximum liability for the shipment.

(4) In the event that a TSP identifies or is informed of a catastrophic loss for which it believes it is not liable under Claims Filing, Paragraph 1.1a, 4, the TSP shall inform the owner's MCO within 24 hours. In such cases, the MCO shall handle the advance payment and claim. If it is later determined that the TSP was, in fact, liable for the loss, the MCO will assert a recovery claim against the TSP. The TSP shall be liable as if the owner had filed a claim with the TSP within nine months of their loss.

t. Essential Items.

(1) The TSP is responsible for promptly dealing with owners who have had essential items lost, destroyed or made unusable due to damage. Owners are responsible for notifying the TSP, MCO, or PPSO of such a loss within 7 days of the date their goods were delivered. Any item not identified in this way by the owner shall not be considered "essential."

(2) Essential items are only those items necessary for everyday living, which would reasonably need to be replaced promptly. Items used solely for entertainment purposes are not considered essential. Fungible items that

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

are regularly used up or worn out and must be routinely replaced are not considered essential. Essential items include but are not limited to:

- (a) Refrigerators or other appliances necessary for the safe storage and preparation of food.
- (b) Necessary medical equipment.
- (c) Mattresses

(3) Upon notification of the loss of an essential item by either the owner, MCO or SDDC, the TSP shall either pay for such items, provide temporary or permanent replacements for them, or such other arrangement as agreed to by owner. Such action must be taken within two (2) business days of notification, regardless of whether a claim has been filed. Any payments made by the TSP pursuant to this paragraph shall be considered an advance on any claim and should not exceed the TSP's expected total liability. The owner will still be required to file a claim for their loss. Any advance payment made will be deducted from the owner's eventual award. Such payments are subject to the same maximum liability and rules as apply to all payments under the contract.

(4) If a TSP declines to provide or pay for an essential item or fails to respond to notification within the two (2) business day period, the owner may file a claim for said item(s) directly with the MCO. In such cases, the owner shall retain his or her right to FRV for those essential items with which notice was provided to the TSP. The owner is expected to file the remainder of their claim consistent claims provisions.

(5) In the event that a TSP identifies or is informed of the loss or damage of an essential item for which it believes it is not liable under Claims Filing, Paragraph 1, a, 5, Exclusions from Liability, the TSP shall inform the owner's MCO within 24 hours. In such cases, the MCO shall handle the advance payment and claims. If it is later determined that the TSP was, in fact, liable for the loss, the MCO will assert a recovery claim against the TSP. The TSP shall be liable as if the owner had filed a claim with the TSP within nine months of their loss.

u. Non Temporary Storage (NTS) and Direct Procurement Method (DPM) Shipments

(1) The provisions of the Tender of Service apply in regard to inspection and inventory between the NTS TSP and the TSP for Carriage during the transfer of custody of the property at the NTS TSPs facility.

(2) The provisions of 1.1 f. and 1.2 apply in regard to the nine month limit for obtaining FRV and the two year limit for filing the claim are met for all TSPs and warehouses in the chain of custody, if the claim is filed with the delivering TSP within the nine month or two year time limit.

(2) Loading or unloading facilities are inadequate;

(3) Any force majeure, war, insurrection, riot, civil disturbance, strike, picketing, or other labor disturbance would subject operations to unreasonable risk of loss or damage to life or property or unreasonably jeopardize the ability of the Transportation Service Provider to render line haul or pickup or delivery or any other service from or to or at other points or locations;

(4) Transportation Service Provider's hauling contractor, Transportation Service Provider's employees, or Transportation Service Provider's agents are precluded, for reason beyond Transportation Service Provider's control, from entering premises where pickup or delivery is to be made;

All charges for third party service shall be advanced by the Transportation Service Provider and billed as an advanced charge to the Government.

## ITEM 315.

**STORAGE-IN-TRANSIT (SIT)**

a. SIT service provided in this rate solicitation shall be for a period not to exceed 90 days, unless additional storage is authorized by the PPSO in accordance with the Joint Federal Travel Regulations (JFTR), Volume 1, paragraphs U5375-B3a and b. When shipment is not removed from SIT by the expiration of the 180th day, or at the end of the extended SIT period authorized by the PPSO, liability as a Transportation Service Provider shall terminate at midnight of the last day of the SIT period, the through Government Bill of Lading character of the shipment shall cease, the warehouse shall be considered the final destination point of the shipment, the warehouseman shall become agent for the shipper, and the shipment then becomes subject to the rules, regulations, charges and liability of the warehouseman.

f. When a shipment is placed in SIT in CONUS, the Transportation Service Provider agrees to the following:

(1) **STORAGE**. The warehouseman shall have the shipment until close of business of the third (3rd) working day following the date the SIT control number is issued to complete the handling-in-services. Personal property shall be stored so as to protect it from all loss and damage.

Delivery charges shall be assessed as if that portion withdrawn were an individual shipment. Property remaining in storage shall be assessed on the same basis as would apply to an individual shipment.

Once termination, in accordance with the above paragraph has occurred, the government may not revive the TSP's liability under the original bill of lading, or reinstate the original bill of lading. If after termination, the government wishes to continue the government's payment for continued storage, the government must enter into a new contract with the warehouse and/or issue a purchase order or new bill of lading for delivery and any additional services needed after the termination notice.

(3) In the event that SIT converts to the service members expense, the TSP is required to provide a copy of the Joint Inspection Form (i.e. rider to the inventory or exception sheet) if requested by the Military Claim Office.

- Charges that apply up to the point of reconsignment, for packing, drayage to SIT facility, warehouse handling, and storage, shall be those specified on the PPGBL that the shipment was originally tendered under. The PPSO should issue a correction notice stating: "THIS SHIPMENT WAS TERMINATED AT ORIGIN SIT - NO LINEHAUL CHARGES APPLY." The correction notice shall be mailed to the Transportation Service Provider to support payment of origin services under the original BL.

- Charges that apply for delivery out of origin SIT, after a reconsignment, shall be handled as a new shipment under one of the following listed methods:

-- If delivered out locally:

--- under existing local drayage contract rates on a purchase order,

--- under existing intrastate solicitation rates via a purchase order or new BL.

-- If delivered out of SIT to a destination that is within the same state, prepare a new BL under existing intrastate solicitation rates.

-- If delivered out of SIT to a new interstate destination, prepare a new BL under existing interstate solicitation rates.

i. On property consigned to SIT wherein an overflow of property requires a split shipment delivered to the warehouse on different dates, the charges for such property shall be as follows:

(1) Transportation charges from initial point of pickup to warehouse location shall be based on the combined weight of the property stored in transit. Computation of transportation charges shall be as provided in Appendix 4E of Chapter IV.

(2) Storage charges in effect on date of initial pickup shall be assessed separately on each portion of shipment stored in transit, except minimum weight shall apply to the combined weight of property stored in transit. **COLLECTION OF CHARGES ON HOUSEHOLD GOODS  
SHIPMENTS INVOLVING LOSS OR DESTRUCTION IN TRANSIT**

a. Transportation Service Provider shall not collect, or require a shipper to pay, any published charges (including any charges for accessorial services) when that shipment is totally lost or destroyed in transit. The provisions of this item shall apply only to the transportation of household goods. Notwithstanding any other provisions of this item, a Transportation Service Provider shall collect, and the shipper shall be required to pay, any specified valuation charge that may be due. This item shall not be applicable to the extent that any such loss or destruction is due to the act or omission of the shipper.

b. In the event that any portion, but less than all, of a shipment of household goods is lost or destroyed in transit, a motor common Transportation Service Provider of household goods in interstate or foreign commerce shall, at the time it disposes of claims for loss, damage, or injury to the articles in the shipment as provided in 49 CFR, Part 375, refund that portion of its published freight charges (including any charges for accessorial or terminal services) corresponding to that portion of the shipment which is lost or destroyed in transit. To calculate the charges applicable to the shipment as delivered, the Transportation Service Provider shall multiply the percentage corresponding to the portion of the shipment delivered by the total charges (including accessorial and terminal charges) applicable to the shipment tendered by the shipper. If the charges computed in the manner set forth above exceed the charges otherwise applicable to the shipment as delivered, the lesser of those charges shall apply. The provisions of this paragraph shall apply only to the transportation of household goods as defined in 49 CFR 375.1(b)(1). Transportation Service Providers shall determine, at their own expense, the proportion of the shipment not lost or destroyed in transit.

c. In the event that a shipment of household goods is transported on more than one vehicle, the Transportation Service Provider transporting such a shipment shall collect the published charges due for that shipment, subject to the provisions of paragraph b above, but such Transportation Service Provider may collect those charges only after

all parts of the shipment have been tendered for delivery, or may collect only that percentage of its published charges corresponding to that portion of the shipment which is tendered for delivery.

d. The rights provided by this item are in addition to, and not in lieu of, any other rights which the shipper of household goods may have with respect to a shipment of household goods which is lost or destroyed, or partially lost or destroyed, in transit, whether or not that shipper has exercised the rights provided above.

e. When reweigh of any shipment is made pursuant to this item, the charges for the reweigh will not apply, and the cost of such reweigh shall be borne by the Transportation Service Provider.

ITEM 401.

**COMPUTING CHARGES**

a. Unless otherwise provided herein, where rates are stated in amounts per hundred pounds, charges shall be computed by multiplying the total weight involved by the rate shown for a hundred pounds.

b. When a shipment moves between Alaska and the lower 48 states, Item 302 will be the applicable item for distance computations.

c. When a shipment is transported a distance in excess of that shown in the rate table, charges shall be computed as follows:

(1) First find the rate in the applicable weight column for the greatest distance shown in the table of rates.

(2) Add to the above rate, 65 cents for each additional 100 miles or fraction thereof in excess of the distance shown in the rate table to obtain per hundred pound rate applicable on the shipment.

ITEM 402. [PUK]  
(100A)

**PACKING AND UNPACKING**

a. Transportation Service Providers in responding to this rate solicitation must independently submit their rates as a percentage above, below, or equal to these baseline rates. These baseline rates are listed for solicitation purposes only and are not intended as the setting of rates by SDDC. Rates include packing, the use of packing containers, and materials from origin to destination, and unpacking. **Rates do not include unpacking when:**

(1) Shipper elects not to have unpacking performed and elects to retain the containers and specifically directs Transportation Service Provider or its agent not to perform unpacking.

(2) Shipper elects not to have unpacking performed at time of delivery and specifically directs Transportation Service Provider or its agent.

(3) Shipment is delivered to a warehouse (except where delivery to warehouse is for SIT and delivery from warehouse is made within the SIT period provided in applicable rules).

b. Containers which protect the household goods shall meet the following specifications: MIL-STD 1489, Federal Specification PPP-B-580, SDDC Pamphlet 55-12, Federal Specification PPP-B-601, Commercial Specification ASTM-D-4169-94, Commercial Specification ASTM-D-5118, as appropriate. All containers shall be protected from the elements at all times.

g. If an item such as a front-loading washer or other washer requires the purchase of a special "bracket" to stabilize the wash drum of the machine during transit, the cost of the bracket, plus the cost of any required third party service to install the bracket may be billed under billing code [TPS]. If the cost of the bracket does not require third party service to install, the cost of the bracket can be charged under item 429 of this solicitation, with an adequate explanation of the required item. **DIVERSION**

**(140A) - Diversion - Flat Charge Per Shipment Weighing 12,000 lbs and over**

**(140B) - Diversion - Per CWT for Shipments Weight under 12,000 lbs**

**Billing Note:** In addition to a diversion charge, transportation charges apply on shipments diverted to a new destination, while vehicle is en route or upon arriving at destination based on the total mileage from point of origin to point of final destination via the actual point of diversion or via the original destination point, whichever is less.

a. When instructions are made and confirmed in writing on a Diversion Certificate issued by the PPSO, the Transportation Service Provider shall divert the shipment subject to the following provisions and additional charges:

**NOTE:** Not applicable if diversion instructions are received prior to movement of shipment.

b. The term "diversion," as used herein, means change in the destination beyond 30 miles of the original destination point or outside the original destination area of responsibility.

c. When an order for diversion under this item is received by the Transportation Service Provider, diligent effort shall be made to locate the shipment and effect the change desired, but the Transportation Service Provider shall not be responsible for failure to effect the change ordered unless such failure is due to the error or negligence of the Transportation Service Provider or its employees.

d. Transportation charges on a shipment diverted to a new destination, while vehicle is enroute or upon arriving at original destination, shall be computed on the basis of the total mileage from point of origin to point of final destination via the actual point of diversion or the total mileage from point of origin to point of final destination via the original destination point, whichever is less. In addition to the additional mileage cost, the following diversion charge shall apply:

(1) On shipments diverted to a new destination area under the provisions of paragraph d above, an additional charge of \$4.00 per CWT shall apply. This is based on the weight at which the transportation rate is based, EXCEPT if shipment is moving under provisions of Item 320, paragraph a(2), Exclusive Use of Vehicle; or

(2) On shipments weighing or rated at 12,000 pounds or more, the above charge shall not apply. In lieu thereof, a flat charge of \$33.40 per diversion shall apply. If the new destination point is within 30 miles of the original destination point or within the original destination area of responsibility, no diversion charge shall apply.

e. On shipments diverted to a warehouse for SIT at a point other than original destination, the warehouse shall be considered the destination point, and transportation charges to the warehouse shall be assessed under the provisions of paragraph d above.

f. If instructions are received to divert a shipment that is in SIT, the provisions and charges of this rule shall not apply, and transportation charges shall be computed under the provisions of the applicable SIT rules.

**NOTE 1:** Diversions shall be accomplished only upon receipt of the Diversion Certificate from the PPSO, which is either to be affixed to the original BL to support paper billing of diversion charge or provided upon request by the finance center for an EDI invoice.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

**NOTE 2:** For shipments that are diverted or reconsigned in accordance with applicable rate record/tender, the Transportation Service Provider agrees to submit the original Diversion Certificate to the origin PPSO to authenticate the diversion along with the CWA billing.

ITEM 424. [STR]

**SIT AND WAREHOUSE HANDLING CHARGES****(145A) - Storage - SIT First Day****(145B) - Storage - each Additional Day****(145C) - Storage - Warehouse Handling**

**Billing Note :** For valuation charges applying on SIT shipment, the billing should be made under the applicable subitems for Item 415 or Item 416

- a. SIT and warehouse handling charges are in dollars and cents per net CWT and apply based on location of warehouse where SIT service is provided. Charges for these services shall be based on actual weight of goods stored in transit, subject to 1,000-pound minimum. Rates in effect on the date of initial pickup at origin shall apply.
- b. Storage charges apply for each day of storage and apply each time SIT service is rendered. Warehouse handling charge applies once each time a shipment is placed in SIT. The storage period shall include the day the goods are placed in storage, and the day the goods are removed from storage. If goods are removed from storage on the same day they are placed in storage, one day storage shall apply. (Exception: Property removed from SIT for the purpose of delivery to a residence but is returned after the attempted delivery shall remain on the same storage period. See Item 408.)
- c. For valuation charges applying on SIT shipments, see Items 415 and 416.
- d. Delivery to residence should be made on the date requested, if possible. If prior commitments prevent delivery on that date, every effort should be made to deliver as soon as possible thereafter within five (5) working days after the requested delivery date. In any event, storage charges shall cease to accrue on either of the following dates, whichever is earlier:
  - (1) Requested delivery date or within five (5) working days following notification, whichever is later, or
  - (2) The actual delivery date.

**NOTE:** The Transportation Service Provider should use the Transportation Service Provider's DOD approved agent facility located nearest the destination city or installation shown in block 18. **Should the Transportation Service Provider use a more distant facility for convenience, SIT and related charges shall be based on the Transportation Service Provider's agent's nearest available DOD approved facility.** Storage at a more distant facility for Transportation Service Provider's convenience should be annotated on DD619 by the PPSO. Nearest available Transportation Service Providers agent DOD approved storage facility is defined as follows: That Transportation Service Provider's agent facility which has DOD approval, has space for the shipment, and is accepting DOD traffic from the Transportation Service Provider. If the agent refuses to accept a shipment, e.g., because of the Transportation Service Provider's refusal to provide a waiver and/or to the Transportation Service Provider's poor payment history, the agent's facility shall be considered "available" for purpose of determining charges irrespective of what destination warehouse the Transportation Service Provider uses.

PREFACE

**INSTRUCTIONS FOR USING APPENDICES**

**DOMESTIC SEGMENTED BASELINE RATES**

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

**INSTRUCTIONS FOR USING APPENDICES A THROUGH D**

**DOMESTIC SEGMENTED BASELINE RATES**

a. The actual shipment line haul distance must first be certified by the Defense Table of Official Distances (DTOD). If the shipment has been certified by DTOD to be in excess of 500 miles, go to Appendix A to determine the base line haul rate. For shipments 500 miles or less, start at Appendix D to determine if this is the applicable rate matrix. For guidance on determining if a breakpoint weight rate can be applied, refer to Chapter 3, Item 301 of this solicitation.

b. If the shipment line haul is 500 miles or less, analyze the left column (“Point of Origin or Delivery at Destination or Delivery into Destination SIT”) of Appendix D to see if the shipment origin and/or destination falls within the listing of counties and municipalities of the states listed. If either the origin or destination is within one of the counties or municipalities of the states listed, the rates that appear in Appendix D shall apply. If either the origin or destination did not appear within the listing of individual state counties and municipalities in Appendix D, go to Appendix C.

c. Since Appendix D did not apply, analyze the left column “FROM (Point of Origin, except when Appendix D is applicable)” of Appendix C to see if the shipment origin falls within the listing of counties and municipalities of the states listed. If the shipment origin is within one of the counties or municipalities of the states listed, the rates that appear in Appendix C shall apply. If the origin did not appear within the listing of individual state counties and municipalities in Appendix C, go to Appendix B.

d. Since Appendix C did not apply, analyze the left column “FROM (Point of Origin, except when Appendix C or D is applicable)” of Appendix B to see if the shipment origin falls within the listing of counties and municipalities of the states listed. If the shipment origin is within one of the counties or municipalities of the states listed, the rates that appear in Appendix B shall apply. If the origin did not appear within the listing of individual state counties and municipalities in Appendix B, go to Appendix A.

e. Since the origin or destination was not found within the state listings of counties and municipalities in Appendix D, and the origin was not found within the state listings of counties and municipalities in Appendices C or B, this leaves Appendix A as the applicable line haul rate matrix for the shipment.

APPLICATION

a. Individual Transportation Service Provider rates apply on shipments transported between points within the United States, except Hawaii.

b. Transportation Service Providers' rates shall also apply and shall be subject to the same application on pick up or delivery of SIT shipments as provided in Appendix E of this chapter.

**EXCEPTION:** Transportation Service Provider rates in this section shall not apply in territories described in Appendix B, C, or D of this chapter.

**NOTE 1:** Transportation Service Provider rates and charges apply when shipment is released to a value of the greater of \$5,000 per shipment or \$4.00 times the net weight of the shipment (in pounds), not to exceed \$50,000 unless otherwise stated on PPGBL.

**NOTE 2:** Transportation Service Provider rates provided under this section are in dollars and cents per 100 pounds applied to net weight (subject to minimum weights as provided in applicable rules) on shipments when released at a value the greater of \$5,000 per shipment or \$4.00 times the net weight of the shipment (in pounds), not to exceed \$50,000 of the shipment, and include loading and unloading and the actual movement or transportation of property from origin to destination, but do not include Additional Services.

**NOTE 3:** Break point indicates weight at which a lower charge develops by use of lowest weight and applicable rate in next higher rate bracket. (See Item 301 for application of break point weights.)

\*\*\*\*\*  
**TRANSPORTATION SERVICE PROVIDERS IN RESPONDING TO THIS RATE SOLICITATION MUST INDEPENDENTLY SUBMIT THEIR RATES AS A PERCENTAGE ABOVE, BELOW, OR EQUAL TO THESE BASELINE RATES. THE BASELINE RATES ARE LISTED FOR SOLICITATION PURPOSES ONLY AND ARE NOT INTENDED AS THE SETTING OF RATES BY SDDC.**

CHAPTER IV

APPENDIX E

[PDS]

**PICKUP OR DELIVERY TRANSPORTATION  
RATES APPLYING ON SIT SHIPMENTS**

*(Subject to applicable rules)*

**(See Item 400 for geographical application of the rate schedules in this chapter.)**

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14****APPLICATION**

- a. Pickup at origin means transportation from origin residence to warehouse at point of origin. Delivery on SIT means transportation from warehouse to destination residence.
- b. Rates are in dollars and cents per hundred pounds, subject to the minimum weights as provided in applicable rules, and rates herein shall be based on the higher minimum weight applicable, except for pickup or delivery of portions of a shipment, such rates shall be based on net weight of the portion of a shipment, subject to a 500-pound minimum.
- c. Rates shown below apply as follows, depending upon location of warehouse when point of original pickup or final delivery and warehouse are both located within the same municipality or within a distance of 30 miles or less:
- (1) For pickup of shipment at residence and transportation to the warehouse at origin for SIT, or
  - (2) For delivery of shipments from the warehouse to final destination, or
  - (3) In the event that a shipment is stored at origin in accordance with Paragraph a. above, and, in addition is stored at destination in accordance with paragraph b. above, or if shipment is stored at a warehouse intermediate to either origin or destination, a separate charge for each service shall be assessed. However, not more than one origin charge, one intermediate charge, and one destination charge shall be applicable for a single shipment.

**NOTE 1:** For rates to apply when points are not within the same municipality or not within a distance of 30 miles or less, apply rates in Appendix A, B, C, or D of this chapter, whichever is applicable, except when the overall charge in Appendix E is higher according to the appropriate PPSO delivery location.

**NOTE 2:** Break point indicates weight at which a lower charge develops by use of lowest weight and applicable rate in the next higher weight bracket. (See Item 301 for application of break point weights (BPW).)

**NOTE 3:** The line-haul rate percentage applies from origin to destination area shown in Consignee Block (block 18) of PPGBL, regardless to location of SIT facility. Mileage is computed from origin to destination SIT facility.

**NOTE 4:** When shipments are delivered to a SIT facility, the SIT and related charges applying at the SIT point shall be applicable.

**NOTE 5:** The Transportation Service Provider should use the Transportation Service Provider's DOD approved agent facility located nearest the destination city or installation shown in block 18. **Should the Transportation Service Provider use a more distant facility for convenience, SIT and related charges shall be based on the Transportation Service Provider's agent nearest available DOD approved facility.** Storage at a more distant facility for Transportation Service Provider's convenience should be annotated on the DD Form 619 by the PPSO. The nearest available Transportation Service Provider's agent DOD-approved storage facility is defined as follows: That Transportation Service Provider's agent facility which has DOD approval, has space for the shipment, and is accepting DOD traffic from the Transportation Service Provider. If the agent refuses to accept a shipment, e.g., because of the Transportation Service Provider's refusal to provide a waiver and/or to the Transportation Service Provider's poor payment history, the agent's facility shall be considered "available" for purpose of determining charges irrespective of what destination warehouse the Transportation Service Provider uses.

**NOTE 6:** For shipments delivered out of SIT beyond a 200-mile distance and outside the original shipment destination rate area, the charge for delivery shall be based on the rate given in block 31 of the GBL.

DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14

**CHAPTER V - VOLUME MOVES**

ITEM 500.

**PURPOSE**

These instructions provide procedures, formats, and other information required to properly file voluntary IRTs on behalf of Transportation Service Providers engaging in the movement of DOD and USCG-sponsored volume movements within CONUS and Alaska. These instructions supersede all previously published procedures, formats, and other information for IRT filings applicable to domestic volume movement shipments.

ITEM 501.

**CRITERIA FOR USE OF VOLUME MOVE RATES**

a. Volume move procedures will apply under the following conditions:

(1) Estimated tonnage consisting of household goods totaling 200,000 pounds or more. PPSOs having special operational requirements may request a volume move for lesser tonnage.

(2) Movement is from one origin (commuting area) to one destination (commuting area).

(3) Movement is normally within a 90-day period.

**NOTE:** Due to the large number of volume moves anticipated because of base closures, realignments, drawdowns, etc., this headquarters reserves the right to waive the normal 90-day period for volume moves, if circumstances warrant.

ITEM 502.

**PROCEDURES**

a. The following procedures are applicable to domestic volume movements:

(1) When the above criteria for use exists, the responsible PPSO is required to submit a letter or message request to SDDC providing appropriate information. PPSOs having special operational requirements must include the information in letter or message request. Letter or message requests for volume moves must be e-mailed to pp-rates-dom@sddc.army.mil.

(2) SDDC will, in turn, request a volume move rate tender from DOD-approved household goods Transportation Service Providers via the SDDC homepage (<http://www.sddc.army.mil>). Only Transportation Service Providers that have valid LOIs on file at the origin installation with the authority to serve the destination state may submit bids. The deadline date for receipt of the rate tender or simplified tender format at SDDC will be specified in the volume movement solicitation announcement letter (Appendix 5A). Appendix 5B to these procedures is the simplified tender format which Transportation Service Providers will use to submit their rates. Transportation Service Providers will be required to submit proper and complete information for bids to be considered responsive.

(3) Transportation Service Providers that choose to submit their rate using the volume move tender (Appendix 5C), may do so as required herein and in Appendix 5D. Rates must be error-free, cannot be withdrawn,

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

or corrected subsequent to the deadline, and must be electronically received prior to the deadline. **Rates received after the deadline will be considered nonresponsive and will not be accepted.**

(4) The rate will be expressed as a percentage "OF" the Domestic Personal Property Rate Solicitation. For example, if a Transportation Service Provider wishes to offer a 10% reduction, the rate submitted would be 90%. Only one percentage will be shown to cover a reduction in total cost for each shipment of this volume movement. The percentage is to reflect reduction in line haul, packing, accessorial services, and any other services relevant to shipments of this volume movement, excluding full replacement protection, pickup or delivery transportation rates applying on SIT shipments at destination, any accessorial services performed in connection with destination SIT, and third party services. **In offering shipments to Transportation Service Providers, PPSOs shall consolidate shipments whenever practical in accordance with DOD 4500.9-R.**

(5) Rates submitted for volume moves will take exception to Items 610 and 713 (Duality) in that two rates of a Transportation Service Provider will be permitted to be filed with SDDC for the account of DOD/USCG from and to the same points. Transportation Service Providers must submit rates below the low rate on file for the channel(s) specified in the volume move. **NOTE: This Volume Move Rate Tender will not apply where charges accruing hereunder exceed charges otherwise applicable for the same service.**

(6) In addition to rates and charges, the IRT and the simplified tender format shall include:

(a) The percentage of the total volume move tonnage to which the rate is applicable.

(b) The amount of tonnage expressed in pounds per day that can be picked up and delivered. The amount of tonnage is subject to the minimum established in the solicitation letter.

(c) The name and address of Transportation Service Provider's agent at origin and destination.

(7) SDDC will evaluate all competitive rate offers received from Transportation Service Providers. Acceptance of rates does not guarantee any offer of tonnage. If the Transportation Service Provider's rate is accepted, the Transportation Service Provider must confirm his rate with an e-mailed IRT to SDDC within 10 days of the acceptance notice (Appendix 5E). The IRT must be prepared precisely as specified in Appendix 5D to these procedures. Deviations or differences between the IRT and the simplified tender rate will cause the IRT to be rejected.

ITEM 503.

**E-MAIL ADDRESS FOR SUBMISSION**

a. Although no guarantee is expressed or implied, SDDC will make every effort to protect the confidentiality of rates submitted in response to a volume move solicitation prior to the deadline established.

(1) Domestic volume moves are processed by the Deputy Chief of Staff for Passenger and Personal Property, Domestic & International Rates Team. The following e-mail address must be used for all simplified and IRT submissions.

[pp-rates-dom@sddc.army.mil](mailto:pp-rates-dom@sddc.army.mil)

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

ITEM 504.

**RECEIPT OF SUBMISSION**

The IRT or simplified tender must be received in the e-mailbox of [pp-rates-dom@sddc.army.mil](mailto:pp-rates-dom@sddc.army.mil) by 4:00 p.m., **Central** Time, on or before the deadline date for each individual volume move. SDDC will not be responsible for IRTs which do not arrive on time. IRTs or rate tenders received after the close of the filing period will be rejected. See chapter 1, item 104, paragraph d regarding receipt and validation of rate transmissions.

ITEM 505.

**SUBMISSION OF RATES AND CHARGES**

The submission of voluntary IRTs is the only way to participate in the movement of DOD/USCG-sponsored volume movements within CONUS. Rates and charges offered in IRT submissions must be independently determined and expressed in the exact format of the Individual Tender of Rates and Charges for Volume Movements, which appears at Appendix 5D. Competitive rate tenders submitted in response to these filing procedures must be submitted by the exact deadline and under the exact terms, conditions, and procedures specified. This solicitation stands alone, is not influenced by prior practices or procedures, and will not be subject to modification prior or subsequent to the deadline and acceptance stipulated unless specifically modified by the Deputy Chief of Staff for Passenger and Personal Property, for the benefit of all parties by letter or telegram prior to the solicitation deadline.

ITEM 506.

**PREPARATION OF INDIVIDUAL RATE TENDERS**

Each Transportation Service Provider is completely responsible for the proper preparation and submission of its IRTs, in accordance with the procedures prescribed herein. E-mailed submissions must be legible. IRTs, as well as attachments and supplements thereto, will not be altered in any way.

ITEM 507.

**TERMS AND CONDITIONS FOR INDIVIDUAL RATE TENDER SUBMISSION**

Transportation Service Providers wishing to participate in the movement of DOD/USCG-sponsored volume moves within CONUS will submit rates and charges only in the simplified format or IRTs as contained in these procedures. Transportation Service Providers in traffic denial during any portion of the volume move will not be considered. The rules and regulations contained in the volume move procedures provide all terms and conditions and will not be altered in any manner. These procedures will be retained by the participating Transportation Service Provider. SDDC reserves the right to reject any or all offers and to waive minor irregularities in offers received, i.e., rejection of rate submissions in extreme excess of those offered to other customers or acceptance of tenders with minor typographical errors.

ITEM 508.

**EFFECTIVE PERIOD FOR ACCEPTED TENDERS**

a. Transportation Service Providers may issue supplements to cancel existing IRT submissions. The following procedures apply:

(1) Cancellation will be accomplished only by an e-mailed submission of a supplement to the original IRT.

(2) Transportation Service Providers may submit a cancellation supplement at any time on or after the effective date of the original IRT.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(3) Any correct cancellation supplement will be assigned an effective date that is 30 days after receipt of the supplement at SDDC.

(4) The detailed format and instructions for preparing cancellation supplements must be followed exactly (Appendix 5F). A sample cancellation IRT is at Appendix 5G.

ITEM 509.

**RESERVED FOR FUTURE USE**

ITEM 510.

**CAUSE FOR SUSPENSION ACTION**

a. Any rate proposal which misrepresents a material fact shall be grounds for the suspension of the Transportation Service Provider from future DOD/USCG personal property shipments. Additionally, if there is lack of appropriate operating authority, such incident shall be subject to referral to the appropriate Government agency for inquiry. The provisions of this rate solicitation and the Tender of Service shall apply equally to DOD-sponsored shipments, whether moving individually or as volume moves.

b. Transportation Service Provider performance will be monitored by both the origin and destination installation transportation officers and will be subsequently reported to SDDC. Transportation Service Providers understand that the personal property transportation office may give consideration to TQAP scores in selecting Transportation Service Provider(s) under this solicitation.

c. If suspension action is taken, it will apply to all domestic shipments; however, when a participating Transportation Service Provider's overall performance clearly indicates an unwillingness to comply with the standards of service specified in the Tender of Service, disqualification action will be considered. If disqualification is imposed by SDDC, disqualification will apply to all domestic shipments originating at the origin installation. Questions concerning disqualification of a Transportation Service Provider may be referred to the Deputy Chief of Staff for Passenger & Personal Property, Transportation Service Provider Qualifications & Performance Team, at (703) 428-3176.

ITEM 511.

**CORRECTION TO VOLUME MOVEMENT INDIVIDUAL RATE TENDERS**

Corrections or changes to uniform tenders subsequent to the specified deadline will not be permitted. The Deputy Chief of Staff for Passenger & Personal Property will not be responsible for late or misdirected uniform tenders which do not arrive at the e-mail address specified when caused by any party or parties not assigned to the Personal Property Division. The Deputy Chief of Staff for Passenger & Personal Property reserves the right to reject any or all offers, to waive informalities and minor irregularities in offers received, to negotiate or accept offers without discussion of rates, and to nonuse any rate and/or to resolicit rates as required prior to or during the effective dates of the volume movement.

ITEM 512.

**ACCEPTANCE/REJECTION OF INDIVIDUAL RATE TENDER SUBMISSION**

a. General: Each IRT submission received by SDDC will be reviewed for technical and administrative accuracy prior to acceptance, distribution, and use or rejection. Transportation Service Providers must use the utmost care in tender preparation, since errors will cause rejections.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

b. Notification of Acceptance or Rejection: Each Transportation Service Provider whose simplified format or IRT is accepted will be notified by an acceptance notice (Appendix 5F). Transportation Service Providers submitting the simplified format will then submit via e-mail, one copy of the IRT. All accepted IRTs submitted in response to the volume movement solicitation letter will be available in the SDDC Personal Property Division public files following their acceptance. The controlling transportation officer will be furnished a copy of the accepted tenders. Inquiries about this solicitation relative to Transportation Service Provider ranking and participation should be satisfied by reference to SDDC Personal Property Division public file. However, each Transportation Service Provider tendering rates will be furnished with information relative to the acceptance or rejection of its tender.

c. Rejections: Any tender submission which contains an error will be rejected and returned to the Transportation Service Provider with an accompanying SDDC rejection notice indicating the basis for rejection.

ITEM 513.

**VOLUME MOVEMENT RATES - PUBLIC FILE**

All accepted IRTs are available for review at SDDC in the Personal Property Division public file, Room 10N35, Hoffman II, 200 Stovall Street, Alexandria, Virginia. SDDC will neither make nor provide copies of any IRTs. Transportation Service Providers may visit the public file personally, or employ "Watch Services" available for Transportation Service Providers desiring to obtain copies of documents. The name of organizations and/or individuals providing "Watch Services" may be obtained through Transportation Service Providers' associations, bureaus, or conferences.

Operations and Analysis Branch

TO ALL DEPARTMENT OF DEFENSE (DOD)-APPROVED HOUSEHOLD GOODS TRANSPORTATION SERVICE PROVIDERS AUTHORIZED TO SERVICE VOLUME MOVEMENTS

Ladies and Gentlemen:

This Volume Move Solicitation letter announces the following interstate volume movement in accordance with Chapter V of the Military Surface Deployment and Distribution Command Domestic Personal Property Rate Solicitation **D-14**. Unless stated otherwise, the provisions of the rate solicitation, and reissues thereof, apply. The attachment is the request for volume movement.

The following information is provided:

The alternation clause applies in all volume moves, i.e., the acceptance of a volume move tender does not negate the provision, where two rates (volume move rate and the Transportation Service Provider's (TSP) current rate) are applicable, the Government is entitled to the lesser of the two rates in all cases. Be advised that when offering shipments, the personal property shipping offices will consolidate shipments whenever practical.

In accordance with Item 502, the rate shall be expressed as a percentage 'of' the Military Surface Deployment and Distribution Command Domestic Personal Property Rate Solicitation. For example, if a Transportation Service Provider wishes to offer a 10 percent reduction, the rate submitted would be 90 percent. The percentage is to reflect reduction in line haul, packing, accessorial services, and any other services relevant to shipments of this volume movement, excluding full replacement protection, pickup or delivery transportation rates applying on SIT shipments at destination, any accessorial services performed in connection with destination SIT, and third party services.

Competitive volume move tenders will be received from qualified Department of Defense (DOD)-approved Transportation Service Providers and forwarders. Volume movement traffic will be awarded to those low rate responsible Transportation Service Providers and forwarders whose tenders are responsive, most advantageous to the Government, and have the ability to comply with required delivery and performance schedules associated with this volume move. Transportation Service Providers in traffic denial during any portion of the volume move will not be considered.

Transportation Service Providers are required to handle a minimum amount of tonnage expressed in pounds per day for each volume move. The minimum amount of tonnage for these volume moves is 40,000 pounds per Transportation Service Provider, per day, per channel. Volume move tenders showing less than this minimum will be rejected.

## DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14

**CHAPTER VI - INTERSTATE RATE FILING INSTRUCTIONS**

ITEM 600.

**PURPOSE**

These instructions provide procedures, automated filing formats, and other information required to properly file voluntary rates. Rates will be filed in conjunction with this rate solicitation and modification letters issued every 6 months on behalf of Transportation Service Providers engaging in the movement of Department of Defense (DOD) and U.S. Coast Guard (USCG)-sponsored shipments of household goods within the continental United States (the 48 contiguous states and Alaska). Detailed instructions, formats, and error descriptions/codes for rate filings and cancellations are provided in this chapter. Transportation Service Providers filing rates in response to a SDDC rate solicitation will use these instructions in conjunction with rate solicitation modifications to ensure a totally responsive rate filing.

ITEM 601.

**INDUSTRY RATE SUBMISSIONS**

a. **Transportation Service Providers are solely responsible for the submission and quality control of their rates. The failure of submissions to actually arrive in the anonymous File Transfer Protocol (FTP) computer at SDDC by the designated filing date and time will result in nonacceptance of the submissions.**

Transportation Service Providers/ADP agents are responsible for the selection and actions of their on-line service provider. Transportation Service Providers are also responsible for any internal company computer security and control/use of issued passwords for access to the FTP computer. SDDC may, however, grant Transportation Service Providers/ADP agents one additional opportunity, within 4 working hours after notification by SDDC, to submit a new FTP file if the original file fails to process or complete loss in transmission before the filing deadline is proven. SDDC will produce a summary of rates on each FTP file submitted. An analysis will be completed to identify any major problem, such as lack of interstate DOD approval for a particular SCAC, rejection of total rate field, etc. SDDC does not guarantee that all rejections and/or errors will be identified through this analysis.

b. I/F, M/T, or L/C rates may be filed with SDDC prior to the designated due dates. Transportation Service Providers discovering mistakes in rates submitted before the designated date may add, delete, change, or correct such rates in accordance with Item 616b(1). The latest FTP submission received on or before the applicable I/F, M/T, or L/C filing deadline will prevail as the Transportation Service Provider's rate filing. However, where multiple rates are actually processed, Item 602 will apply.

c. FTP files or individual rate records which are not properly prepared or submitted in accordance with provisions of this chapter will be rejected.

ITEM 602.

**USE OF ADP AGENTS**

Transportation Service Providers using ADP agents are advised to restrict their use to one agent and are responsible for the actions of that agent, with regards to rate submissions. Multiple files submitted by one or more ADP agents containing rates for the same origin/destination record will result in the acceptance of the first submission received by SDDC before the required designated date for processing. Transportation Service Providers are solely responsible for the accuracy of their submitted rates.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

ITEM 603.

**TIME OF SUBMISSIONS**

These dates represent the receipt cutoff times for Transportation Service Provider submissions to be considered responsive to the applicable solicitation. **Submissions, in response to any designated filing date posted on the Personal Property homepage, must arrive at the anonymous FTP file at SDDC prior to 12:00 midnight, Eastern Standard Time, on the designated date.** If the date falls on a Federal holiday, the designated date will be the next Government workday. Failure to submit FTP transmissions by the designated rate filing deadlines will result in the Transportation Service Provider being nonresponsive and the rates not being accepted.

ITEM 604.

**LATE SUBMISSION OF FTP FILE**

a. **I/F and M/T Filing Submissions:** An I/F or M/T FTP file received after the designated filing deadline will result in the Transportation Service Provider being nonresponsive and the rates not being accepted. This will preclude participation in the I/F-M or M/T-B, as appropriate. Transportation Service Providers missing the I/F rate filing may submit rates in the L/C.

b. **L/C Filing Submission:** An L/C FTP file, including those containing added or cancelled individual rate records, will be considered for the appropriate update filing period (L/C-1, L/C-2, L/C-3 or L/C-4), depending upon which filing deadline the FTP file is received. For example, if an FTP file is received after the filing deadline of the L/C-1, L/C-2 or L/C-3 filing, it will be returned unprocessed and may be submitted in the next L/C.

ITEM 605.

**INDIVIDUAL RATE RECORDS**

Each rate record should be constructed to stand alone without regard to individual rate records for other origin/destination and code of service combinations. Each individual solicitation stands alone, is not influenced by prior practices or procedures, and will not be subject to modification prior to and subsequent to the deadline and acceptance stipulated, unless specifically modified by SDDC for the mutual benefit of all parties in writing prior to the solicitation deadline.

ITEM 606.

**RESERVED FOR FUTURE USE**

ITEM 607.

**EFFECTIVE PERIOD FOR ACCEPTED RATES**

a. Rates, accepted by SDDC, must remain in effect until the Letter of Intent/Cancellation (L/C) submission, but cannot be in effect for more than the duration of the rate cycle.

(1) All rates accepted by SDDC for **May 1, 2008** or the effective date of the L/C filing submission will expire at 11:59 p.m., **October 31, 2008**, unless cancelled earlier.

ITEM 608.

**NEW APPROVALS**

a. **Newly Approved Transportation Service Provider.** A newly approved DOD/USCG Transportation Service Provider may M/T another Transportation Service Provider's rates currently on file at SDDC for a given PPSO during any L/C submission. **A Transportation Service Provider must have an accepted valid LOI on file prior to filing rates.**

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

b. Expansion of Operating Authority. An approved DOD/USCG Transportation Service Provider gaining new authority to serve more states may M/T another Transportation Service Provider's rates to those states during any L/C submission. **A Transportation Service Provider must have an accepted valid LOI on file, which includes the additional authority, prior to filing rates.**

ITEM 609.

**CROSS-FILING**

a. M/T Submission. Transportation Service Providers may cross-file between Code 1 rates and Code 2 rates (or vice versa).

b. Procedures. Cross-filing is identified by meeting another Transportation Service Provider's Code 2 rate by a Code 1 rate (and vice versa) for the same channel. Refer to Item 616, "Rate Filing Procedures," for a full explanation as to how Transportation Service Providers can cross-file rates.

ITEM 610.

**DUALITY**

Two or more rates of a Transportation Service Provider, submitted during the same filing cycle for the same code of service and the same origin/destination combinations (dual rates) are not permitted. However, a Code 1 rate will not be considered dual with a Code 2 rate (and vice versa).

ITEM 611.

**NAME/OWNERSHIP CHANGE**

a. When a Transportation Service Provider undergoes a name and/or ownership change, the Transportation Service Provider must maintain existing rates or cancel them during the L/C submission.

(1) Name Change: For administrative purposes, a Transportation Service Provider will continue to use the old name and SCAC reference until the end of the existing cycle. For the following cycle, the Transportation Service Provider will use the new name and SCAC reference. Transportation Service Providers are required to obtain approval by SDDC, and new LOIs must be filed at each PPSO served to show the Transportation Service Provider's new name.

(2) Ownership Change: The Transportation Service Provider must notify SDDC of a change in ownership and, after acceptance by SDDC, new LOIs must be filed at each PPSO served. Transportation Service Providers may continue the existing rates filed by the previous management or cancel them during the L/C submission.

ITEM 612.

**ORIGINS**

Origin installations (PPSOs) must be specified by the appropriate four-character alphabetic code (GBLOC) representing each PPSO as shown in Chapter IX. Failure to use the correct code will result in the rejection of individual rate records or the acceptance of rates for the wrong origin PPSO.

ITEM 613.

**DESTINATIONS**

a. The following procedures apply to all destinations for which individual rate records are filed:

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(1) Any destination state must be specified by the appropriate two-letter postal abbreviation representing each state.

(2) If a Transportation Service Provider chooses to serve a destination state, then the Transportation Service Provider must serve the destination state in its entirety.

(3) Rates filed under the provisions of SDDC's CONUS Automated Rate Transportation System (CARTS) have no intrastate application. Therefore, if a Transportation Service Provider lists the destination state in which the origin installation resides, the shipment must originate in another state within the origin's consignment authority and must be delivered into the destination state listed (i.e., interstate shipment).

ITEM 614.

**RESERVED FOR FUTURE USE**

ITEM 615.

**ORIGIN/DESTINATION COMBINATION**

Area of responsibility to destination state will be the only filing option (origin/destination combination) allowed. Only one individual rate record for each origin/destination and code of service combination will be permitted.

ITEM 616.

**RATE FILING PROCEDURES**

a. **General.** Rates will be submitted to SDDC by FTP. Transportation Service Providers are solely responsible for the proper preparation, and submission of their FTP transmissions in accordance with the procedures and formats prescribed within these instructions. Transportation Service Providers are responsible for establishing quality control procedures that permit the review of rates prior to actual submission to SDDC. Filing deadlines will be established by SDDC, and Transportation Service Providers will be notified of these dates via a rate filing schedule posted on the Personal Property homepage prior to each filing cycle. Failure to submit FTP transmissions by the designated filing deadlines will result in the Transportation Service Provider being nonresponsive and the rates not being accepted.

(1) **Procedures for Rate Filing Via FTP.** Rates may be submitted during each phase within the rate filing cycle. FTP Electronic transmissions, in response to any designated filing date, must arrive at the anonymous FTP file at SDDC prior to 12:00 midnight, Eastern Standard Time, on the designated date. FTP transmissions can be made daily to update the file until the disclosure date. Only one set of rates per Transportation Service Provider, per channel, per day, may be submitted. Each rate filing cycle will be subject to edit and validation criteria, prior to acceptance or rejection. **Upon closure of the designated rate filing date, rates may not be changed.**

b. **Rate Filing.** I/F, M/T or L/C rates may be filed with SDDC prior to the designated dates. Transportation Service Providers discovering mistakes in rates submitted before the designated date may, if they so desire, add, delete, change, or correct such rates. The latest FTP submission received on or before the applicable I/F, M/T or L/C filing date will prevail as the Transportation Service Provider's rate filing. However, where multiple rates are actually processed, Item 602 will apply.

(1) **Correction of FTP Files Submitted Prior to the Filing Deadline.** Transportation Service Providers/ADP agents who desire to add, delete, or change individual rate records previously filed must submit a replacement FTP file. ADP agents must resubmit the rates of all Transportation Service Providers contained on the original submission, which includes the affected Transportation Service Provider's rates. Replacement rates

### DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14

submitted prior to the applicable filing deadline will be accepted and will replace the FTP file previously filed. Only one replacement file is allowed in each filing. Rate submissions submitted after the filing deadline will not be processed.

c. Rate Percentages. All rate submissions must be prepared using the exact format specified in this chapter. Voluntary individual rate records must be expressed as “percentage of” the baseline rates contained in the rate solicitation and not as “percentage off” the baseline rates. Also, individual rate records must be expressed in full percentages (i.e., 095; 100; 110), and not as fractions (i.e., .952; .95). Leading zero(s) must be used when expressing a “percentage of” less than 100 percent. Where no rate is filed, the rate field must be left blank, since “000” will be construed as an actual filing.

(1) Rates for interstate application will be filed as a percentage of the baseline rates. A Transportation Service Provider who desires to serve a PPSO may offer service at any percentage above, below, or equal to the baseline rates, subject to the conditions in paragraphs d(1) and d(2) below, contained herein. **The percentage filed will cover all aspects of the shipment except the following: reweigh; additional shipment charges; third party services; ferry, bridge and service charges; full replacement protection; SIT and warehouse handling at destination; delivery out of SIT at destination; any accessorial services performed in connection with destination SIT, and packing inspection for shipments out of nontemporary storage warehouses and SIT warehouses, in certain instances.**

(2) **Tariff to Individual Rate Record Conversion.** Transportation Service Providers cannot submit a percentage of their commercial interstate tariff nor a percentage of any other rate basis as a substitute for the rate solicitation. Transportation Service Providers’ individual rate records must provide rates which are not greater in application than the correlative rates in their interstate commercial tariffs.

d. Criteria.

(1) Administrative High and Low Rates for DS08 Rate Filing Cycle:

Code of Service	Non-Alaska		Alaska	
	1A	2A	1A	2A
Admin High	281	303	383	419
Admin Low	84	84	140	140

Note: Alaska shipments include those going into and coming from Alaska.

(2) Acceptable High Per Channel:

The lowest “accepted” rate established in the final I/F will be the basis to compute the “acceptable high” for each channel, for each code of service by adding 100%. Any rates filed above the “acceptable high” for each channel, for each code of service will be cancelled or rejected, unless the Transportation Service Provider “Me-Too’s” a rate at or below the “acceptable high” for that channel, for that code of service. See the “Rate Reasonableness Rate Filing Example” at the end of this Item.

e. I/F Filing:

(1) **General.** There are two I/F cycles per year. During each filing cycle, competitive rate levels are established to move DOD/USCG personal property shipments within CONUS (including Alaska). Rates submitted shall be in compliance with the criteria in para. d.(1). I/F rates must be brought into compliance with criteria d.(2)

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

during the M/T, in order to be included in the Final Accepted Rates. Filing deadlines are announced via a rate filing schedule posted on the Personal Property page of the SDDC web site prior to each I/F cycle.

(a) I/F-A (Initial Submission): The individual rate records, contained in the prescribed automated format, will be subject to edit and validation criteria. Transportation Service Providers will have one opportunity to review and change rates which pass the editing and validation criteria (but did not reflect what the Transportation Service Provider intended to file), add rates which were unintentionally omitted in the I/F-A submission, and correct I/F-A rejected rates. Transportation Service Providers may submit the changed, added, and/or corrected rejected rates in the I/F-M.

(b) I/F-M (Change/Correction Submission). Rates filed in the I/F-M will only be the changed, added, and/or corrected rejected rates. All rates which have previously passed the editing and validation criteria in the I/F-A that the Transportation Service Provider does not desire to change will be considered accepted. The individual rate records contained in the I/F-M will again be subject to the same editing and validation criteria as in the I/F-A. ADP agents do not need to submit the rates of Transportation Service Providers not exercising this option that were filed in the original submission. NOTE: Rates submitted under the administrative low or over the administrative high that are not corrected during the I/F-M will be rejected, precluding participation in that code of service, for that channel, for the cycle.

**NOTE:** In the event the I/F-M submission contains an incorrect Transportation Service Provider's SCAC, the appropriate Transportation Service Provider or ADP firm who submitted the rates will have two working days from the date of notification to submit a correct rate submission. If the Transportation Service Provider or designated ADP firm fails to replace the rates before the deadline or the replacement submission still contains an incorrect Transportation Service Provider's SCAC, the rates shall be voided from further consideration in the I/F-M. This situation will constitute a second or final rejection for the Transportation Service Providers involved and the rates which passed the I/F-A editing and validation criteria for these Transportation Service Providers will be considered accepted.

f. M/T Filing.

(1) **General.** There is a M/T filing submission in conjunction with each I/F submission. The M/T provides Transportation Service Providers with the opportunity to precisely adjust their rates downward to (equal) the lower rates of other Transportation Service Providers established during the I/F cycle. Transportation Service Providers may remain at their I/F-A or I/F-M rate only if they meet all the criteria from Item 616, paragraph (d). **In order to participate in the M/T, a Transportation Service Provider must have an accepted individual rate record established in the I/F cycle.** Rates filed during the M/T must be in compliance with the criteria established in Item 616, para. d. For example, see "Rate Reasonableness Rate Filing Example" chart at the end of this item no. 616.

(2) **M/T-A (Initial Submission).** The individual rate records contained in the prescribed automated format will be subject to edit and validation criteria. Transportation Service Providers will have one opportunity to add rates that were unintentionally omitted from the M/T-A and to correct M/T-A rejected rates in the M/T-B. Transportation Service Providers may not change rates that passed the edit and validation criteria in the M/T-A.

(3) **M/T-B (Correction Submission).** **Rates filed in the M/T-B must only include the added and the corrected rejected rates.** All rates that have previously passed the edit and validation criteria in the M/T-A will be considered accepted. The individual rate records will be subject to the same editing and validation criteria as in the M/T-A.

**NOTE 1:** M/T rates may be filed only for those individual records (i.e., origin/destination and code of service combinations) for which a Transportation Service Provider has an accepted I/F rate record.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

**NOTE 2:** A Transportation Service Provider's rate record accepted in the I/F will automatically remain in effect, only if that rate meets all the criteria identified in Item 616, paragraph (d).

**NOTE 3:** An accepted M/T rate replaces the I/F submission. The I/F rate will no longer apply.

g. LOI/Cancellation Submission (L/C). There are four L/C submissions allowed each filing cycle. The filing deadlines for these submissions will be announced in the rate filing schedule posted on the Personal Property homepage prior to each filing cycle. The L/C filing submissions provide Transportation Service Providers newly approved at an installation, including those meeting the expansion in operating authority provision, with the opportunity to precisely meet (equal) the accepted rates of other Transportation Service Providers during the 6-month rate cycle, and provides Transportation Service Providers with the opportunity to cancel existing rates. When a Transportation Service Provider has no effective rate on file due to cancellation, the Transportation Service Provider is responsible for refusing shipments offered for a traffic channel. Acceptance and movement of a shipment by the Transportation Service Provider over such traffic channels under a BL shall constitute an agreement by the Transportation Service Provider to perform the transportation services at the original rate filed by the Transportation Service Provider as stated on the BL.

Note 1: Rates have to be greater than or equal to Admin Low and less than or equal to Admin High.

Note 2: Item 616 d (3) criteria applies at M/T rate cycle.

Note 3: Cross filed Me-Too rates have to be equal to or lower than 60% plus lowest accepted rate established in the final I/F rate per channel (for this code of service).

Note 4: For BGAC to CT (Code 1A) the lowest accepted rate was 65%, therefore the "acceptable high" will be 65 + 60 = 125%. Similarly, for BGAC to CT (Code 2A) the lowest accepted rate was 75%, therefore, the "acceptable high" will be 75 + 60 = 135%. In this example, TSP#2 in BGAC to CT (Code 2A), decides to cross-file to 65 from BGAC to CT (Code 1A). This will be allowed but this cross-filed 65% rate will not become the new basis to determine the new acceptable high for BGAC to CT (Code 2A). In other words, the acceptable high for BGAC to CT (Code 2A) will stay at 135% (which was determined based on the lowest accepted rate at I/F).

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

ITEM 617.

**FTP FILE NAME STANDARDS**

File names for rate submissions must be submitted in the following format:

15 positions -- UNIX or Windows/NT

<u>Position</u>	<u>Field</u>	<u>Entry</u>
1st	Alpha Lowercase	a (initial input) r (replacement)
2nd-5th	Alphanumeric Lowercase	ADP Agent/Transportation Service Provider Identification Code (i.e., dp78; INVR)
6th	Alpha Lowercase	d (Domestic rate filing)
7th	Alpha Lowercase	w (winter rate cycle) s (summer rate cycle)
8th-9th	Numeric	2-digit year (i.e., 98)
10th-12th	Alpha Lowercase	ifa, ifb, ifm (initial filing) mta, mtb, (me-too filing) lc1, lc2, lc3, lc4 (LOI cancellation cycles)
13th-15th	Alpha Lowercase	.gz (extension)

For example: adp99dw02mta.gz or rdp99dw02mta.gz for replacement.

ITEM 618.

**CANCELLATION OF RATES**

a. M/T Submission. Rates, accepted in the I/F, will be considered cancelled when the Transportation Service Provider meets another Transportation Service Provider's rate for an origin/destination and code of service combination.

b. L/C Cancellation Submission. Transportation Service Providers will be allowed to cancel rates one time during each cycle. Transportation Service Providers will submit these cancellations in the prescribed automated format shown in this chapter.

ITEM 619.

**PERSONAL PROPERTY RATES ON-LINE (PPROL)**

a. ETA Viewing of Filed/Accepted/Rejected Rates. PPROL allows Transportation Service Providers filing rates independently and ADP agents to access their approved or rejected rates on the SDDC Internet Homepage

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

through a gateway to SDDC's Electronic Transportation Acquisition (ETA) site. The user accesses rates within ETA through the use of a 4-character company code and a 7-character password. For each rate filing cycle, the accepted and rejected I/F, M/T and L/C rates will be available for review. The filing schedule specifies the dates rates are to be released by SDDC. L/C rates and cancellations will be released not less than one week from the appropriate filing deadline. To facilitate in M/T filing, the I/F "low three" rate report will contain the three lowest rates from each GBLOC to each destination state. If there is more than one Transportation Service Provider at each of the three low rates, the first two Transportation Service Provider SCAC codes (by alphabetical order) will be shown, followed by the number of Transportation Service Providers at that rate level. Rates in the "low three" report must meet the rate reasonableness criteria in Item 616 in order to be acceptable for the M/T rate cycles. Transportation Service Providers may locate additional rate information on the Total I/F Accepted Rates Report. The final I/F, M/T and L/C rates report will be put on the PPROL, under the heading "Public File."

b. Public File. Other interested parties (i.e., Transportation Service Providers not filing rates independently) may view rates on the SDDC Internet Homepage Public File area. For each rate filing cycle, final accepted rates will be available.

c. Homepage Address. The SDDC Internet Homepage address is <http://www.sddc.army.mil/>.

ITEM 621.

**REINSTATEMENT OF CANCELED I/F RATES**

During the LOI Verification stage of domestic interstate rate acquisition, a Transportation Service Provider's I/F rates may be erroneously canceled due to a mistake by the PPSO in failing to report that the Transportation Service Provider actually had a valid LOI on file as of the I/F-A date designated on the Domestic Interstate Rate Filing Schedule posted at the SDDC web site. In such cases, the following procedure will be followed by all parties involved to assure that the Transportation Service Provider's I/F rates are reinstated. **No deviations or exceptions will be made to this item under any circumstances:**

a. After SDDC has issued the "I/F-M Accepted & Error Reports via PPROL" to the ADP Agents, it will be the responsibility of the Transportation Service Provider to determine which of his/her filed I/F rates were accepted or canceled, as soon as possible.

b. If any of a Transportation Service Provider's I/F rates were canceled with error code 16 in item 620 given as the reason for cancellation, the Transportation Service Provider will first determine which PPSOs have canceled I/F rates.

c. If a Transportation Service Provider filed and received acceptance of an LOI at one or more GBLOCs prior to or by the I/F-A rate filing date designated in the posted Domestic Interstate Rate Filing Schedule, had filed I/F rates that were later canceled at one or more GBLOCs, and wishes to have the rates reinstated, the Transportation Service Provider will immediately contact the Quality Control unit of the appropriate PPSO. Confirmation of acceptance of the LOI will be made by the PPSO, and if the LOI has been determined to be valid, the Transportation Service Provider will request the PPSO to immediately contact SDDC via e-mail at [pp-rates-dom@sddc.army.mil](mailto:pp-rates-dom@sddc.army.mil) to request that the canceled I/F rates be reinstated. The request sent to SDDC will designate the Transportation Service Provider SCAC, the code(s) of service to be reinstated for, and exception states, if any. The PPSO will also provide an e-mail copy of the request to the Transportation Service Provider.

d. All requests to SDDC to reinstate canceled I/F rates must come from the PPSO and must arrive to the

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

**e-mail address above by the designated milestone date designated as “TSP Correction Deadline” in the Domestic Interstate Rate Filing Schedule. NO requests for rate reinstatement will be accepted after that designated date. Telephone requests for reinstatement are NOT accepted.**

e. It is the responsibility of the Transportation Service Provider to know and understand the timeframes of the windows of opportunity given in the posted Domestic Interstate Rate Filing Schedule regarding the reinstatement of I/F rates. PPSOs are likewise requested to understand that Transportation Service Provider requests for rate reinstatement often are short-fused, to be aware of the due date given in the Domestic Interstate Rate Filing Schedule for rate reinstatements, and to take the needed action to contact SDDC via e-mail as soon as possible. If the Transportation Service Provider has not received any indication during the window of opportunity that either the PPSO has notified SDDC to request reinstatement of the Transportation Service Provider's rates or that SDDC has not notified the Transportation Service Provider, the Transportation Service Provider shall e-mail SDDC at the address provided in paragraph c.

## DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14

**CHAPTER VII - INTRASTATE RATE FILING INSTRUCTIONS**

ITEM 700.

**PURPOSE**

These instructions provide simplified procedures, formats, and other information required to properly file voluntary rate tenders on behalf of Transportation Service Providers engaging in the movement of Department of Defense (DOD)-sponsored shipments of household goods within a state.

ITEM 701.

**TERMS AND CONDITIONS FOR INDIVIDUAL RATE TENDERS**

Transportation Service Providers wishing to participate in the intrastate movement of DOD-sponsored household goods, at installations listed in the rate solicitation, will submit rates and charges in the formats for IRTs contained in these instructions. These formats are covered by the provisions of this rate solicitation. The rate solicitation is only to be referenced in the submission of rates and charges and will not be submitted to this or any other agency/office **except** with state regulatory bodies, when required. SDDC reserves the right to reject any or all offers received; e.g., rejection of rate submissions in extreme excess of those offered to other customers or acceptance of tenders with minor typographical errors.

ITEM 702.

**RATE FILING CYCLES**

**NOTE: IRTS AUTOMATICALLY EXPIRE EVERY SIX MONTHS. NEW IRTS MUST BE RECEIVED BY THE CLOSING DATE FOR EACH I/F CYCLE TO REPLACE THE EXPIRING IRTS.**

a. I/F Cycles. There are two I/F cycles per year. The schedule for each cycle will be published on the SDDC world wide web prior to the filing cycle. During each I/F cycle, competitive rate levels are established to move DOD personal property within each state. The I/F cycle provides Transportation Service Providers with the maximum flexibility to establish the specific, compensatory rate at which they desire to move personal property from any origin to any destinations within the state.

b. M/T Cycles. There are two M/T filing cycles each year. The schedule will be provided in the world wide web prior to the I/F cycle. The M/T filing cycle provides Transportation Service Providers with the opportunity to precisely adjust their rate downward to (equal) the lower rates of other Transportation Service Providers established during the I/F cycle. **NOTE:** See Item 712, "Cross-Filing."

**NOTE: A TRANSPORTATION SERVICE PROVIDER MUST FILE DURING THE I/F CYCLE TO BE ELIGIBLE FOR THE FILING OF M/T TENDERS, EXCEPT AS PROVIDED IN ITEM 709.**

ITEM 703.

**PREPARATION OF INDIVIDUAL RATE TENDER E-VERSION FORM**

a. Each Transportation Service Provider is completely responsible for the proper preparation and submission of its IRTs, in accordance with the procedures and formats prescribed herein. IRTs e-version form, or supplements thereto, will not be altered in any manner.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

b. IRTs which are not properly prepared or submitted in accordance with the provisions of this chapter will be rejected by SDDC. (See Item 717 for procedures concerning rejected tenders and Item 720 for procedures to correct rejected tenders.)

ITEM 704.

**INDIVIDUAL RATE TENDER SUBMISSIONS**

a. IRTs will be submitted using the exact format of MT-HQ Form 43-R E-Version, "Uniform Tender of Rates and/or Charges for Domestic Transportation Services (DOD/USCG Sponsored Household Goods)." The electronic version/fillable form is available from the Personal Property page of the SDDC Web Site. Voluntary rate submissions must be expressed as "percentages of" the base line rates in this rate solicitation. **Submissions will not be expressed as percentage "off" these rates.** Also, submissions must be expressed in full percentages (e.g., 95, 100, 110). Reductions will not be expressed as fractions (e.g., 95/100; 95.2 percent, .95). A Transportation Service Provider desiring to service a PPSO may serve at any percentage, above, below, or equal to the rates contained in this rate solicitation. The percentage filed will cover all aspects of the shipment, except the exceptions listed in Item 430.

b. Converting and using an interstate or intrastate commercial tariff or tender as a substitute for the rate solicitation is not permitted.

ITEM 705.

**COPIES AND SIGNATURE REQUIRED**

Transportation Service Providers must send the e-version of the IRT to SDDC via e-mail. The authorized name and title of a company official must correspond to the name designated on the ETOSS (Electronic Tender of Service Signature Sheet) filed at SDDC, as one who is authorized to sign IRTs on behalf of the Transportation Service Provider.

ITEM 706.

**RESERVED FOR FUTURE USE**

ITEM 707.

**SUBMISSION ADDRESS AND RECEIPT**

The fillable form of the IRT, MT-HQ Form 43-R E-Version must be sent as an attachment to e-mail to: [Intrafile@SDDC.army.mil](mailto:Intrafile@SDDC.army.mil) by **midnight, on the deadline date**. It is the responsibility of all Transportation Service Providers filing voluntary tender submissions to meet the established deadline date and time, Transportation Service Providers should follow-up their voluntary rate filing either by phone or e-mail at least (5) days after submission to confirm receipt at SDDC. SDDC will not be responsible for tenders which are not received on time. **Tenders received after the close of the filing period will be rejected.**

ITEM 708.

**LIMITED AUTHORITY FILING**

Transportation Service Providers must file to the entire state. The LOI will contain specific areas where Transportation Service Providers will provide service. Transportation Service Providers filing the low rate and having limited authority will receive as close to 50 percent tonnage as possible. The low rate set by that Transportation Service Provider will apply from the entire AOR in which he serves to the entire state or destination AOR as shown on the IRT. (For tonnage distribution, refer to Item 721.)

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

ITEM 709.

**NEW APPROVAL/LAPSE IN SERVICE**

a. Newly Approved Transportation Service Provider. A newly approved intrastate Transportation Service Provider is one which has been approved by the Commander, SDDC, for participation in the DOD Personal Property Shipment and Storage Program and has never filed intrastate rates. A newly approved Transportation Service Provider may M/T any I/F IRT currently in effect and on file at a PPSO, provided:

(1) Each tender submission is filed with SDDC, in accordance with these instructions. (See Appendix 7D and Figure 7-8 of this chapter.)

(2) The Transportation Service Provider, after sending the tender as an attachment to e-mail, faxes a copy of the valid LOI showing acceptance by this PPSO. Contact SDDC at (703) 428-3281 for the fax number that the LOI should be faxed to.

(3) The rate tender will become effective 30 days after receipt at SDDC if the submission is for the current cycle. If the submission is for an upcoming cycle, the rate tender will become effective with the beginning of the rate cycle.

b. Lapse in Service. A DOD-approved intrastate Transportation Service Provider, which has not filed I/F rates at a PPSO during one or more preceding rate cycles, may M/T any IRT currently in effect and on file at the same PPSO, provided:

(1) Each tender submission is filed with SDDC, in accordance with these instructions. (See Appendix 7E and Figure 7-9 of this chapter.)

(2) The Transportation Service Provider, after sending the tender as an attachment to e-mail, faxes a copy of their valid LOI showing acceptance by that PPSO. Contact SDDC at (703) 428-3281 for the fax number that the LOI should be faxed to.

(3) The rate tender will not become effective until 30 days after receipt at SDDC if the submission is for the current cycle. If the submission is for an upcoming cycle, the rate tender will not become effective until 30 days after the beginning of that rate cycle. For example, a rate tender submitted for the winter cycle effective November 1, will not become effective until December 1.

**A TRANSPORTATION SERVICE PROVIDER MAY NOT CANCEL RATES AND THEN LATER REFILE RATES (USING THE SAME NAME/SCAC) DURING THE SAME RATE CYCLE SIMPLY BY FILING A NEW LOI.**

c. Expansion of Operating Authority. Transportation Service Providers gaining authority to serve may M/T any IRT on file from any PPSO for which they have an accepted LOI provided:

(1) Each tender submission is filed with SDDC, in accordance with these instructions, and

(2) The Transportation Service Provider includes with the tender, a copy of the revised LOI, showing acceptance by the origin PPSO, and showing the new destination.

(3) The rate tender will not become effective until 30 days after receipt at SDDC if the submission is for the current cycle. If the submission is for an upcoming cycle, the rate tender will not become effective until 30 days

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

after the beginning of that rate cycle. For example, a rate tender submitted for the winter cycle effective November 1, will not become effective until December 1.

## ITEM 710.

**NAME/OWNERSHIP CHANGE**

a. When a Transportation Service Provider undergoes a name or ownership change and approval has been granted from SDDC, the Transportation Service Provider must cancel existing IRTs, by supplement, but new (replacement) tenders must be submitted simultaneously. Such IRTs can be submitted at any time, provided correct cancellation supplements for existing (old) tenders and new (replacement) tenders are received by SDDC, at least 30 days in advance of the expiration date of the existing (old) tender. New tenders are permitted as follows:

(1) **NAME CHANGE.** After approval is granted by SDDC, replacement LOIs must be filed at each PPSO served to show the Transportation Service Provider's new name. Transportation Service Provider must cancel any existing IRTs, and simultaneously file replacement tenders with SDDC, showing the new name. Such replacement tenders must provide the same percentages of rate reductions as did the tenders they replace.

(2) **OWNERSHIP CHANGE.** The Transportation Service Provider must notify SDDC, of change in ownership. Upon approval by SDDC, new LOIs must be filed at each PPSO served. Cancellation supplements to existing IRTs may then be submitted to SDDC, to effect simultaneous cancellation of existing IRTs that were filed by the previous management and the filing of replacement IRTs. Such replacement tenders may provide the same percentage of rate reductions as did the tenders they replace or they may M/T a Transportation Service Provider with a lower rate.

## ITEM 711.

**ORIGIN/DESTINATION OPTIONS**

a. A separate IRT will be used for each origin PPSO. A separate IRT will be used for each code of service. All offers from an origin installation to all destinations in the same code of service with the same percentage must be on one tender for the I/F cycle. This will eliminate issuing multiple IRTs for one rate level. An IRT will use only one of the following origin/destination options:

(1) **AREA OF RESPONSIBILITY TO STATE.** IRT applies to any domestic personal property shipment originating in the area of responsibility of a PPSO and destined for delivery within the same state.

(2) **AREA OF RESPONSIBILITY TO AREA OF RESPONSIBILITY:** IRT applies to any domestic personal property shipment originating from a PPSO and destined to another PPSO listed on this tender. (See Item 714a(3).)

## ITEM 712.

**CROSS-FILING**

a. I/F Cycle. Cross-filing is not authorized in the I/F Cycle.

b. M/T Cycle. Cross-filing of Code 1 and Code 2 rates during the M/T filing cycle is permitted.

c. Codes of Service. Transportation Service Providers must be able to service Code 1 and Code 2 in order to cross-file.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

ITEM 713.

**DUALITY**

Two or more rates of a Transportation Service Provider, simultaneously applicable for the same code of service and the same origin/destination combination (dual rates) will be rejected in accordance with procedures shown in Item 717.

**NOTE: A Code 1 IRT will not be considered dual with a Code 2 IRT (and vice versa)**

ITEM 714.

**ABBREVIATED DESCRIPTIONS**

All IRT submissions must use standardized abbreviated descriptions as shown in Chapter 9.

ITEM 715.

**I/F PROCEDURES**

a. The following procedures apply to I/F tenders:

(1) Origin. The Transportation Service Provider may serve one or all origin PPSOs within a state. (See Item 200 for LOI requirement.) Origins must be typed using proper PPSO name and GBLOC, as shown in Chapter 9.

(2) Origin/Destination Combinations. Transportation Service Providers select origin/destination service options contained in Item 711.

(3) Destinations. Destinations must be typed using the proper PPSO name or state abbreviation. The Transportation Service Provider must serve the entire state. **Exception:** Transportation Service Providers not having full operating authority must file to the extent of their authority (see Item 708). A Transportation Service Provider may specifically exclude service for up to three (3) destination PPSOs on each IRT. Tender with more than three exceptions will be rejected. These excluded destinations must be picked up on another tender. **EXAMPLE:** CA except FISC San Diego, CA. FISC San Diego must then be picked up on a separate tender.

(4) Rates and Charges. Transportation Service Providers offer rates and charges for each PPSO which the Transportation Service Provider desires to serve. If Transportation Service Providers file a Code 1 rate and voluntarily wish to pick up/pack a shipment as a Code 2, at the same established Code 1 rate, they may do so after PPSO/service member approval.

(5) Effective Date. IRTs accepted by SDDC will receive an effective date (SDDC Acceptance Date) of 1 November or 1 May.

ITEM 716.

**M/T FILING PROCEDURES**

a. The following procedures apply to M/T tenders:

(1) Opportunity to Compete. A Transportation Service Provider must file in the I/F cycle in order to participate in the M/T filing cycle. M/T tenders must equal exactly the tenders being met. If the I/F tender has an

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

exception, then the M/T tender must contain the same exception. The exception must also be picked up but may be at a different rate than that filed by the I/F Transportation Service Provider. This rate must have been established during the I/F cycle. Transportation Service Providers cannot establish service at additional origin PPSOs during the M/T cycle.

(2) Destinations. Destinations will be exactly as shown on the tender the Transportation Service Provider is meeting unless Transportation Service Provider meets another tender for an additional PPSO. If the I/F has one or more exceptions, the M/T filing must contain the same exceptions. All exceptions must be picked up on one or more tenders and must exactly meet another Transportation Service Provider's I/F tender.

(3) Rates and Charges. A M/T tender must precisely duplicate the rates and charges of the tender being met.

(4) Effective Date. Correctly prepared M/T tenders will receive an effective date of 1 October or 1 April. Rejected M/T tenders, which are properly corrected and received at SDDC by the deadline date specified in the **Intrastate rate filing schedule**, will also receive an effective date of 1 November or 1 May.

**ITEM 717. ACCEPTANCE/REJECTION OF INDIVIDUAL RATE TENDER SUBMISSIONS**

a. General. Each IRT submission (e.g., initial tender or any supplement to this tender) received by SDDC will be reviewed for technical and administrative accuracy prior to acceptance, distribution, and use, or rejection. Transportation Service Providers must use the utmost care in tender preparation, since errors will cause rejections and delays in getting corrected tender submissions accepted. It is the responsibility of all Transportation Service Providers filing voluntary tender submissions to meet the established deadline date and time.

b. Notification of Acceptance or Rejection. Each Transportation Service Provider that submits an IRT to SDDC, will either receive a copy of their IRT submission via e-mail with the SDDC acceptance date stamp (if IRT is accepted) or a rejection notice explaining the reason for the rejection along with their original IRT submission. A copy of the rejected IRT is retained at SDDC.

Rejected IRT submission, with rejection notice, will be e-mailed to Transportation Service Providers as soon as they are processed in order to allow Transportation Service Providers ample time to make corrections.

**ITEM 718. EFFECTIVE PERIOD FOR ACCEPTED TENDERS**

a. IRTs accepted by SDDC, must remain in effect for a minimum of 30 days after the SDDC acceptance date and cannot be in effect (cannot "live") for more than six (6) months from the effective (acceptance) date of the tender.

b. The following rules apply:

(1) All IRTs accepted by SDDC, for the November 1, 2007 filing cycle will expire at 11:59 p.m. on April 30, 2008, unless cancelled earlier.

(2) All IRTs accepted by SDDC, for the May 1, 2008 filing cycle will expire at 11:59 p.m. on October 31, 2008, unless cancelled earlier, or extended.

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(3) Transportation Service Providers must list the appropriate expiration date for the applicable rate cycle (e.g., April 30, 2008/October 31, 2008) in block 4 of the MT-HQ Form 43-R.

ITEM 719.

**RESERVED FOR FUTURE USE**

ITEM 720.

**CORRECTION OF REJECTED RATE TENDER SUBMISSIONS**

a. Opportunity. A Transportation Service Provider's opportunity to correct each rejected tender submission can be exercised only once for a filing cycle. Any need for still further correction, after the Transportation Service Provider has once attempted to correct the rejected tender, may preclude further consideration of this tender for the filing cycle (I/F cycle or M/T cycle).

b. Correction by Supplement. Unless specifically requested by SDDC, Transportation Service Providers are not permitted to correct a rejected tender submission by issuing a supplement thereto (e.g., if ICC 204 is rejected, it will not be corrected by issuing Supplement 1 to ICC 204).

c. Authorized Means of Correction.

(1) **ERRONEOUS DATA ENTRY**. A tender submission, which is rejected due to erroneous data entry, must be corrected by entering the correct data.

(2) **DATA OMISSIONS**. Tender submissions, which are rejected due to omission of needed data, must be either:

(a) Corrected by entering the needed data or

(b) Corrected by entering missing data on the original rejected tender submitted.

d. Changing Rates on Tender Corrections. Transportation Service Providers are not permitted to change or alter rate percentages when correcting rejected tender submissions EXCEPT to correct erroneously expressed percentages (e.g., if the Transportation Service Provider had typed a percentage as .94, then the Transportation Service Provider must correct this rate to 94 percent). **The Transportation Service Provider may not change this percentage to a lower or higher figure.**

e. Corrected Tender Return Criteria. Corrected tender submissions must be returned to SDDC by the deadline dates specified in the Intrastate rate filing schedule.

f. Effective Dates (SDDC Acceptance Dates) for Properly Corrected Tenders

(1) **I/F CYCLE**. Properly corrected I/F tender submissions, received at SDDC by the deadline date specified in the Intrastate rate filing schedule, will receive an effective date of November 1 or May 1. **Tenders received after that date will not be accepted.**

(2) **M/T CYCLE**. Properly corrected M/T tender submissions, and any related IRTs for the same PPSOs, received at SDDC by the deadline date specified in the Intrastate rate filing schedule will receive an effective date of November 1 or May 1. **Tenders received after that date will not be accepted.**

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

ITEM 721.

**TONNAGE DISTRIBUTION**

a. The Transportation Service Provider submitting the low rate (rate setter) will be awarded 50 percent of the tonnage by the PPSO, subject to the Transportation Service Provider's operating capacity. Other Transportation Service Providers meeting the low rate will share equally in the remaining tonnage.

b. If two Transportation Service Providers establish an identical low rate, each Transportation Service Provider will receive 33-1/3 percent of the tonnage. The remaining 33-1/3 percent will be awarded to the Transportation Service Providers meeting the low rate. If three or more Transportation Service Providers established an identical low rate, each Transportation Service Provider will receive equal percentage with the remaining Transportation Service Providers receiving the same percentage. Example: 3 Transportation Service Providers submit the identical low rate with 6 Transportation Service Providers meeting the low rate. The 3 rate setters would each receive 25 percent of the tonnage. The other 6 Transportation Service Providers would divide the remaining 25 percent.

**NOTE:** At no time will the Transportation Service Providers meeting the low rate receive more tonnage than the rate setters. The PPSO will adjust percentages according to volume of Transportation Service Providers involved.

c. PPSOs in those states where Transportation Service Providers have limited operating authority will award tonnage as follows:

(1) Separate traffic distribution records (TDRs) will be established for the state and for each destination area of responsibility where rates are filed and accepted by SDDC.

(2) TDRs will be established based on:

(a) The Transportation Service Provider establishing the lowest rate will be placed on the TDR first. This low rate Transportation Service Provider must meet the Total Quality Assurance Program (TQAP) criteria established by SDDC. Those meeting the low rate will be placed on the TDR in accordance with their TQAP score. Transportation Service Providers with equal TQAP scores will be placed on the TDR in accordance with low to high tonnage from the past rate cycle.

(b) All Transportation Service Providers will begin the cycle with zero tonnage.

(c) Transportation Service Providers establishing the low rate will receive 50 percent of the tonnage from its area of responsibility within its operating authority only.

**EXAMPLE:** Transportation Service Provider AAAA establishes the low rate for the AOR. However, Transportation Service Provider can pick up in counties A and B of the origin AOR. Transportation Service Provider AAAA will receive every other shipment from the counties A and B. Transportation Service Providers meeting the low rate will share in the remaining tonnage. In the event no one meets the low rate, Transportation Service Provider AAAA will be offered all traffic before offer is made to a higher cost Transportation Service Provider. In all other areas covered by this low rate, but not a part of the low rate Transportation Service Provider's operating authority, tonnage will be divided equally among the Transportation Service Providers meeting the low rate to the extent of their operating authorities.

ITEM 722.

**TENDER DESTINATION DELETION SUPPLEMENTS**

a. I/F Transportation Service Providers may issue supplements to delete destinations from I/F tender submissions. The following procedures apply:

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

(1) Deletion of a PPSO from the destination state will be accomplished only by submission of a supplement to the I/F rate tender.

(2) PPSO deletion supplements to I/F rate tenders may be submitted during the M/T cycle period, which immediately follows the I/F filing cycle.

(3) A deletion supplement must be submitted to SDDC, simultaneously with M/T tender submissions for the same PPSO. The M/T tender submissions must "pick up" all PPSOs which were "dropped" by the deletion supplement.

**NOTE: Transportation Service Providers must serve to their full authority (see Item 708).**

(4) The detailed format instructions for filing deletion supplements must be followed exactly (see Appendix 7C of this chapter).

ITEM 723.

**TENDER CANCELLATION SUPPLEMENTS**

a. Transportation Service Providers may cancel existing IRT submissions in their entirety. Cancellation will be accomplished only by the submission of a supplement to the basic tender (e.g., Supplement 1 to ICC 203). A single supplement must be used to cancel each IRT; a single supplement cannot be used to cancel two or more IRTs. The following additional procedures apply:

(1) **For IRTs Already in Effect.** For both I/F and M/T IRT submissions, which are already in effect for the current rate cycle:

(a) A Transportation Service Provider may submit a cancellation supplement at any time on or after the effective date of the IRT, and

(b) Any correct cancellation supplement will be assigned an effective date that is 30 days after receipt of this supplement at SDDC, but

(c) An incorrect cancellation supplement will be rejected; upon correction and resubmission, the correct supplement will be assigned an effective date that is 30 days after receipt at SDDC.

(2) **New IRTs for Upcoming Rate Cycle:** During the M/T filing cycle, a Transportation Service Provider which filed IRTs during the immediately preceding I/F filing cycle may desire to meet rates of other Transportation Service Providers for the same PPSO. The I/F Transportation Service Provider may accomplish this by using one of two required methods. First, a Transportation Service Provider may delete specific destinations from an I/F tender submission for that PPSO using the procedures in Item 722. Second, a Transportation Service Provider may eliminate one (or all) I/F tender submissions for a PPSO by issuing a cancellation supplement and by preparing a M/T tender(s) to replace the cancelled I/F tender submission. The following procedures apply:

(a) The M/T tender submission(s) must show all the destinations of the cancelled I/F tender submission. This may be accomplished by submitting one tender to the entire state.

(b) A cancellation supplement and the related replacement M/T tender submission(s), for the same PPSO, will be submitted as a "package" to SDDC.

(c) SDDC will process this "package" of submissions for the same PPSO as follows:

**DOMESTIC PERSONAL PROPERTY RATE SOLICITATION D-14**

1 If the replacement M/T tender(s) has errors, the related I/F cancellation supplement will be returned along with the rejected tender(s).

2 If the cancellation supplement contains an error, the related replacement M/T tender(s) will be returned along with the rejected cancellation supplement.

(3) The detailed format instructions for preparing cancellation supplements must be followed exactly, in accordance with Appendix 7F of this chapter.

**NOTE: A Transportation Service Provider must submit a cancellation tender in order to have the M/T tender accepted.**

ITEM 724.

**RATE ABSTRACT - I/F SUBMISSION**

a. SDDC, will provide a rate abstract to the PPSOs showing all I/F submissions.

b. The PPSO will post the rate abstract in a location convenient to the Transportation Service Providers for a period of not less than seven (7) calendar days prior to the M/T filing cycle. The rate abstract is used by Transportation Service Provider representatives to view and copy information to use when filing their M/T tenders.

ITEM 725.

**PERSONAL PROPERTY RATES ON-LINE (PPROL)**

a. Rate Abstracts. Interested parties may view the rate abstract for each PPSO on the SDDC Internet Homepage. For each rate filing cycle, final accepted rates will be available.

b. Homepage Address. The SDDC Internet Homepage address is <http://www.sddc.army.mil>.
