e. **Transportation Service Providers are responsible for notifying the PPSO of any item requiring crates/containers prior to performing service and construction of crates/containers. The PPSO is responsible for determining the necessity of requests for crating by Transportation Service Providers, as well as service members. Vehicular equipment, such as motorcycles, mopeds, mini-bikes and ATV's are automatically approved for crating and do not require prior approval from the PPSO.**

f. If a Transportation Service Provider utilizes crates retained by the member from a previous move, compensation for service performed will be made under labor costs.

g. Flat panel television(s) should be packed in the original container, if available and serviceable. If original packing materials are not available, flat panel television(s) may be wrapped and crated for maximum protection or TSP's can use corrugated cartons designed specifically for flat panel television(s) and charge a flat rate fee of \$105.00 (508G). Flat panel television(s) must always be handled in an upright position. There will be no additional compensation for labor costs when using the original container or the corrugated cartons. Flat Panel television(s) include Plasma and Liquid Crystal Display (PCD) types, which are by design, four inches or less in depth and are incapable of standing alone without a form of support.
