

**Military Surface Deployment and Distribution Command
Customer/Carrier Advisory
June 18, 2015
CA-15-06/17-0065**

Subject: Weather Impact – Rail Damage at Hawthorne Army Depot, NV (HWAD) (W65XZ2)

Purpose: To advise the customers/carriers that HWAD was recently notified of damage to approximately 2.5 miles of rail. During a two week period (1-13 Jun 15) HWAD received above average rainfall to include a category F-1 tornado.

Be Advised: This event adversely will impact HWAD rail operations; pricing of receipts and shipments are expected to increase with the shift to ground transportation. The rail system is in operable until late Jul / Aug 15 due to the heavy rains.

Hawthorne AD POC: Mr. Mark Bryant; Transportation Officer; (775) 945-7118, DSN: 830-7118

Expiration: 31 Aug 15
