

SDDC-PP Advisory #16-0107

Date: 13 May 2016

From: HQ Scott AFB, IL

To: Military Service Headquarters Representatives, Worldwide Personal Property Shipping Offices (PPSO), and Personal Property Transportation Service Providers (TSP)

Subject: New Electronic Transportation Acquisition (ETA) Registration Page

1. ETA provides a single point of entry to Web-based transportation applications via the World Wide Web. Beginning 25 May 2016, users registering for the personal property, freight/cargo, and passenger applications or SDDC Command, Control, Communications, and Computer (C4) Systems will see changes to the user interface and request form fields. Users may request access to multiple applications in one registration, but will require the same authorizations, certifications, and access justifications as the current process stipulates.

2. Note: There is no change for users requesting a DOD Customer role under the Defense Personal Property System (DPS). These users will be connected to the existing DOD Customer registration page.

3. HQ SDDC will release an update to this advisory containing screenshots Monday, 16 May 2016. For functional questions regarding this message, please send an email to army.sddc.safb.ppcf@mail.mil.

4. Please direct ETA, External Certificate Authority (ECA), and new ETA account questions to the SDDC Systems Response Center (SRC):
