

JOINT BASE LANGLEY-EUSTIS, VA TO THE PORT OF VIRGINIA, VA

POWER PROJECTION PLATFORM (PPP) ROUTE

11 May 2022

BACKGROUND: Power Projection Platforms (PPPs) are defined as military installations that strategically deploy one or more high-priority active component brigade and/or mobilize and deploy high-priority reserve component units. Increased deployment activity requiring a fast and coordinated response has become the normal operational standard within the continental United States. Routes between PPP installations and their designated Air and Sea Ports of Embarkation (APOEs/ SPOEs) are termed PPP Routes. PPP Routes, a subset of the STRategic Highway NETwork (STRAHNET), are the most critical 5,000 miles of public roadways for supporting the safe, rapid, and efficient movement of DoD personnel and equipment. Highways for National Defense (HND) mission requirements call for ensuring PPP Routes are maintained at a capable design, performance, and condition standard to support national emergency deployments.

INSTALLATION: Joint Base Langley-Eustis is located on the Virginia peninsula in the city of Newport News, Virginia. In 2010 Fort Eustis and Langley Air Force Base were consolidated under the responsibility of the Air Force as Joint Base Langley-Eustis. The installation's primary SPOE is the Port of Virginia, with two militarily-available terminals; Newport News Marine Terminal (NNMT) and Portsmouth Marine Terminal (PMT).

ROUTE: The PPP Route between Joint Base Langley-Eustis and the Port of Virginia is approximately 42 miles in total length. The PPP Route to the Newport News Marine Terminal is approximately 21 miles in length and begins at Joint Base Langley-Eustis Main Gate along Washington Boulevard, then continues on SR 105, I-64, US 258, US 60, Huntington Avenue, and ends along 25th Street at the Main Gate. The PPP Route to the Portsmouth Marine Terminal is approximately 42 miles in length and begins at Joint Base Langley-Eustis Main Gate along Washington Boulevard, then continues on SR 105, I-64, US 258, US 17, SR 164, Railroad Avenue, and ends along Tunnel Facility Drive at the Main Gate.

Designated PPP Installations

Joint Base Lewis-McChord (JBLM), WA	Fort Campbell, KY
Fort Bragg, NC	Fort Drum, NY
Marine Corps Base Camp Lejeune, NC	Fort Polk, LA
Marine Corps Base Camp Pendleton, CA	Fort Sill, OK
Fort Stewart, GA	Fort Carson, CO
Fort Benning, GA	Fort Riley, KS
Fort Gordon, GA	Joint Base McGuire-Dix-Lakehurst, NJ
Fort Hood, TX	Joint Base Langley-Eustis, VA
Fort Bliss, TX	Fort Leonard Wood, MO
